Fish That Fast

At the exhibition of the Deep-Sea Angling association in London, there was on view a fish that had not tasted food for two years, and would be able to fast for another three years! The fish is called Proteus, and is found in subterranean caverns.

Steadfast

Thou must be like a promontory of the sea, against which though the waves beat continually, yet it both itself stands, and about it are those swelling waves stilled and quieted.—Marcus Aurelius.

Of Course

Engineers are told that in 1931 it will be possible to run an automobile 50 miles for 5 cents, provided, of course, that room can be found on the roads.—Boston Transcript.

Arabian Proverb

When the eye does not see, the heart does not grieve.

On the Funny Side

DETERMINED

A man intent on emigrating stopped before a news agent's shop and read a placard: "Situation in the East." He strode eagerly into the shop. "I've come for that situation you're advertising," he said.
"Poo! That's on the state of affairs—" began the new agent, but the other interrupted:
"I don't care whose estate it's on. I'll take it."—Tit-Bits.

CHIC

Mrs. Bantam (in her new feathers)—How do you like my new dress?
Mrs. Buff-Orpington—Quite chic.

A Guess

"Wonder why folks call money 'The long green'?" queries Drew.
Perhaps because without it we all feel short and blue.

Could Do That Much

"It's a shame you don't know anything about cooking," the young husband informed his bride after the honeymoon. "Everybody ought to know how to cook. Why, I learned how myself in the army."
"Oh, well, I can warm a few beans, if that's what you mean."

Talk Softly

"Pa," said Clarence, "what's this 'double jeopardy' I see mentioned so often in the papers lately mean any way?"
"That, son, is what a man is up against when he is getting orders from both his wife and his mother-in-law," whispered his dad.

His Preference

"Why do you prefer going to gym instead of to this party with me?" demanded his wife.
"Because," he growled, "if I have to spend the evening with a lot of dumbbells, I much prefer spending it with the kind that don't chatter."

IRISH LUCK

"Say Joe, did you know Mike Byrne's wife had lockjaw?"
"Well the Irish always were lucky."

Finish and Start

The man who says he has "arrived"—To him our hats we doff.
But history ever has contrived To say, "You here get off!"

Applied Politeness

Mother (severely)—But why didn't you tell the young man to stop kissing you?
Daughter—Why, mother, you know you taught me never to interrupt anyone.

A Big Inducement

Mrs. Meddle—It seems to me that my rent in this apartment house is awfully high.
Superintendent—But think of the entertainment—every apartment is occupied.

Looking Around

"What's the matter with your brother?"
"Well, he wants a job."
"What's his line?"
"City manager. Do you know any city that wants a manager?"

This age of high standards
welcomes the Camel quality

MODERN smokers are the most exacting ever known, and they place Camel first among cigarettes.

For Camel was created to succeed in the hardest-to-please age ever known. It was made to satisfy those who demand the utmost, and modern smokers have given it such popularity as no other cigarette ever had.

If you're downright hard to please, just try Camels. Tobacco taste and fragrance will be revealed as never before, for Camels are rolled of the choicest Turkish and Domestic tobaccos, supremely blended. This modern cigarette exceeds all other standards but its own. To light one is to find taste fulfillment. "Have a Camel!"
