NYSSA PLAYED FINAL GAME SATURDAY

Nyssa played their final game last Saturday with Vale, in an effort to win the \$250 purse which was given the winning team in the Fourth of July finals, but they lost to Vale with a 3 to 4 score.

The game was one of the hardest played games of the season and was Nyssa's until the 9th inning when through errors of the local team the game was lost.

The boys are to be congratulated upon their efforts through the season, however and everyone feels that they did their best to entertain and please the public.

Vale played and captured the final game from Wilder with a score of 16 to 2. Incidentally both purses went to Vale, they winning the Idaho Oregon League \$150 purse and the final \$250 purse.

Wonder if they carry a rabbit foot or horseshoe?

WATER TANK SHINING IN NEW COAT OF PAINT

A mark of Civic betterment for Nyssa has been made, with the recent painting of the city water tank, adding greatly to the appearance.

The tank which rises to a height of 150 feet can be plainly seen at a distance and is doubly conspicuous with its new coat of silver-bronze paint with "Nyssa" painted in black lettering.

It may be interesting to know that the tip top of the tank was painted by a woman, quite a feat for the fair sex and it being safe to say that few men could wield the brush at that dizzy height.

It is a noticeable improvement and shows that Nyssa is wide awake to the betterment of its town in these progressive steps.

BOY SCOUTS ON TRIP PAYETTE LAKES

A happy lot of Boy Scouts, numbering thirteen in their party scoutmaster Rev. Hershey left Tuesday morning for Payette Lakes on their annual outing. Two cars decorated with flags and banners carrying the boys and their paraphernalia started on their way and judging from the happy countenances, a real good time is anticipated.

These annual outings are looked forward to by the boys, for not only the social good time, but for the instruction that such excursions give them. They expect to be gone about two weeks.

LAST MAIN STREET SHADE DISAPPEARS

The last old land mark of the Main Street trees was removed from the corner of the Nyssa Cash Grocery last week and the countenances of the old timers who stood by witnessing the removal were almost sad as this last evidence of the former Main Street shade was done away with.

During the hard wind storm which recently swept over Nyssa and surrounding country, a large limb was broken off and it was thought best to remove the tree before possible damage was done to the large plate glass windows in the Nyssa Cash Grocery.

METHODIST NOTES

WHY THE DELAY IN SIGNING CONTRACTS?

Reports are that Mr. Meade has refused to ask for any more appropriations for the construction of the dam until at least 75 per cent of the property owners have signed over their lands under the Owyhee Project, according to the specifications of the contracts which are in circulation.

It is to be regretted that the people are holding up and keeping back this enormous construction which will benefit everyone. We urge everyone concerned to do their best to hasten, instead of retard this great work.
