ABOUT TIRE BUYING

It's a simple thing to pick a good tire. Look out for the gyp who has a reason for making it seem complicated.

You want durability in the structure of the tire and slow, even wear in the design of tread.

You want sure-footed traction and the greater safety which comes of gripping the road.

You want quietness and smooth running with good looks—peace of mind and pride of ownership.

All these, we deliver to you in the Goodyear All-Weather Balloon. We've been in the tire business a long time and this is our idea of a one hundred per cent tire—it's the world's greatest tire.
