

## A SURE WINNER

THE one SURE WINNER in every "get-rich-quick" proposition is the man who promotes the company. He gets "his" regardless of the outcome—you can count on that.

Does the stock salesman tell you what commission he is paid to sell you your stock, and before buying would it not be the part of wisdom to have your prospective purchase checked up through your bank?

### BIRTHDAY PARTY

Mrs. Irene Gilchrist entertained ten little girls at her country home Monday afternoon, in honor of her daughter Dorothy's seventh anniversary. The afternoon was pleasantly spent playing games and reciting. At 6 o'clock a lovely birthday cake and ice cream was served.

## FORMER NYSSA H. S. STUDENT WINS HONORS

Mr. Bruce Gilchrist returned to Nyssa last week from Provo, Utah, where he graduated from Brigham Young university with an A. B. degree. During his four years attendance at the B. Y. U. Mr. Gilchrist was prominent in music and athletics. He played as number 3 man on school tennis team which won the state and Rocky Mountain conference championships, for the past two seasons, winning two letters in the sport. Mr. Gilchrist also played in one of Utah's most popular 10-piece college dance orchestras for the past three years. He majored in history and minored in business and economics.

### GO TO BOISE

A delegation of Nyssaite attended a meeting of the Boise commercial club Wednesday to discuss the proposed Idaho Pacific railroad from Nyssa to Winnemucca. The meeting was an informal luncheon. No definite action was taken, the main business being to plan a meeting for some future date, when it is hoped that all the towns of Southern Idaho and Eastern Oregon will be represented, when more definite action will be taken. Among those attending from Nyssa were E. M. Blodgett, Larry Haynes and Frank Morgan.

### Sunlight and Health

A British physician says that since the importance of sunlight to health has been realized, the summer months are no longer the most fatal to babies, but the first three months of the year when there is least sunlight have the most infant deaths.

### The Mind and Fatigue

It is generally agreed by psychologists that the threshold of highest mentality is reached at about 11 a. m. One authority says that tests made in various colleges prove that the mind is less active when fatigued.

## PERCOLATER OUT

The Percolator, the spicy publication put out by the Vale Fourth of July committee to announce their celebration, has reached us. As usual it is full of spice and pep and extends a cordial invitation to everyone to take in the big doings at Vale on the 2nd, 3rd and 4th. Let 'er buck.

### She Found It

Mrs. M. W. writes: "We live on the edge of a lake, and the other evening my little girl said, pointing to the sky, 'Mamma, the moon is broken in two.' Then, her eye happening to catch the reflection of it on the calm lake, she added: 'Oh, look, mamma; the other piece has fallen into the water.'"—Boston Transcript.

### Paraguayan Lace

The characteristic Paraguayan lace is called "mandari." The groundwork of this lace is usually composed of fillets, or threads forming the radii of the circular pattern. Upon these are woven the designs.

### Remember the Small Things.

It is easy to talk glibly of serving humanity and to forget to pass the salt to the man who sits next us at table, to think of placing our lives at a world's disposal and neglect the small attentions which mean so much to our own home.—Henry Sloane Coffin.

### Care of Linoleum

In order to get the best service from linoleum it must be laid over a smooth floor in such a way that it does not buckle and should be cleaned with a damp cloth wrung out of suds made with mild soap. Alkalis, strong soap, or the use of too much water will ruin linoleum.

### The Shoe Last

The familiar term "shoe last" is derived from an old Saxon word which means a footprint, or the shape of a foot.

### Forms of Jasper

Jasper is an impure form of cryptocrystalline quartz. The color is usually red, brown or yellow, according to the amount of iron oxide contained in the stone. There is also a form of jasper which is dark green and opalescent. This is probably the quality spoken of in the Bible as one of the jewels on the breastplate of the high priest and as a foundation stone of the wall of the New Jerusalem.

### Never Blotted a Line

Of Shakespeare it is said that he never blotted a line, so perfect was his command of his native tongue. How much of truth there is in this popular belief it is impossible to determine.

### International Fishery

The catch of cod on the North American Atlantic coast has averaged 1,000,000,000 pounds yearly for the last 20 years. It is estimated. The fish is international, Newfoundland taking 40 per cent of the catch, Canada, 20 per cent; France, 17 per cent; United States, 12 per cent, and Portugal, 2 per cent.

### Added Percentages.

A 50 per cent increase for an article that costs \$1 would make it cost \$1.50. But for the article that has doubled in price the new price is 200 per cent of the old.

### Early American Newspaper

The second newspaper established in America, the Boston Gazette, issued its first number December 14 1719. Its proprietor was Thomas Campbell, a Scotsman, son of Duncan Campbell, who organized the postal system of America.

### Attestation of Truth

The cross with or without the signature has been used on documents since early medieval times. It was regarded as equivalent to an oath and therefore attested to the truth of the statements made therein.

### Leather for Shoes

Shoe leathers are divided into two classes—bottom leather and upper leather. The bottom parts of a shoe including the outsole, insole, welt rand and counter, are cut from hot tom leather. The vamp, quarters, toe cap and tongue, comprising the principal parts, are cut from upper leather.

### Quakers Led Movement

The first persons in England who undertook practical united action against the slave trade were the Quakers, following the lead of their founder, George Fox, who as early as 1671 expressed himself as opposed to slavery.

THE Crosley Icyball Refrigerator will do anything that any other refrigerator will do and do it cheaper.

Neither electricity nor gas is needed for its operation. After the Crosley Icyball unit has been subjected to a regulated heat—such as you can get from any good oil stove—it will absorb the warmth from the cabinet and produce a dry clean cold.

The average cost of operation is two cents per day.

There is nothing to get out of order nor any chemicals to replace. The first cost is the last.

The cabinet provides ample storage space for foods. Milk and cream can be kept cool and sweet. There is also provision for the making of ice cubes.

The Crosley Icyball Refrigerator is the greatest value in the field. For your health's sake and for your general convenience you cannot afford to be without one.

### National Legislators

Members of the senate and the house of representatives do not have to be natural-born citizens. They may be naturalized citizens. Many naturalized citizens have served in both branches of the national legislature.

### The Citizen

It is the part of the good citizen never to despair of his country. In the darkest hours he will always hope for better times and will strive, to the utmost extent of his ability, to bring them to pass.—London Times.
