

One good sized and important job that should be started in the very early spring is a sewer system for the city, especially to cover the length of main street.

Nyssa has reached that stage of new business, more people, home owners and renters, to the size where a good modern electric store is missing. Rumor has said that the Idaho Power Co. have contemplated putting in such a store. All right the town is willing.

Prof. Bailey, of the Ida-Ore Business College, at Payette was a recent visitor in Nyssa, looking over the city with intentions of soon establishing a Business College here if suitable rooms could be secured it is quite probable the new institution for Nyssa would be a reality.

It used to be a pleasant surprise to find money in an old vest at this time of year, but this fall it is a surprise for anyone to even find an old vest.—The Pathfinder

Where's that happy liar who said it never snowed here?

We notice in our many exchanges large advertisements telling of desirable, appropriate and suggestive Christmas gifts—in all towns from Portland to Boise. These suggestive ads tell a long story of approaching winter, a cheerful Christmas and the joyous season, as well as a distressful pocketbook.

The advertisements are good news, this week. Read everyone and profit. Saturday will be a big day in Nyssa. Read the ads, they are your guide from live merchants.

Investigate Before You Invest!

Here is a good thing to bear in mind:
When an investment proposition offers big returns with very little chance of loss, it is not necessary to send salesman around the country letting the public in. The next time a stranger comes to you with a "sure-shot" business opportunity, ask yourself if he isn't going to a good deal of trouble in order to let you make some money. Ask yourself why he didn't let a few big financiers handle it. If a thing is safe for you, it would have been safe for them.
Before you invest, investigate! The Malheur County Bank will be glad to obtain reliable information for you without charge.
