

Would you call this a hint?

BEFORE secret suffering breaks out in open revolt—before the little home is irretrievably shattered by a husband's strong pipe—can't something be done? Certainly. A new pipe will help, or even an old pipe cleaned and filled with Sir Walter Raleigh's favorite smoking mixture. It really is milder, with no sacrifice of richness and fragrance. It really is as popular with the smoked-at as it is with the smoker.

IT'S 15¢—and milder

So Better Half May Live

OREGON STATE NEWS OF GENERAL INTEREST

Principal Events of the Week Assembled for Information of Our Readers.

Gladys Carol Robison was born at Clackamas Heights, near Oregon City, with two perfect teeth.

M. H. Mulloy, veteran Marshfield councilman, died recently at the age of 79. He enjoyed a colorful career of the highest type of citizenship.

Ambrose T. Jewett, 29, was crushed to death when his overalls were caught in the gears of a gas shovel at a rock crusher near Klamath Falls.

The carcasses of two deer were found recently near Broken Top mountain by Amos Wilkes of Redmond. Their antlers were meshed in a death lock.

By a margin of a single vote road district No. 67 in Lane county has levied a special tax to raise \$1447 for road improvement. The vote was 27 to 26.

Installation of dial telephones was started in Salem a few days ago. At midnight April 4 the new system will be inaugurated, phone company officials said.

Eleven thousand logs have been brought in from the north and middle forks of the Coquille river in one of the largest log drives ever noted in Coos county.

Nehalem river fishermen have offered the Portland Red Cross to donate their salmon for transportation charges. They chose this rather than sell at 2 cents a pound.

In an effort to ascertain the facts the Seaside chamber of commerce will make a study of the habits of the clam before endorsing a movement for a closed season on clams.

Cessation of logging operations by the Hammond Lumber company on French creek, near Detroit, in northeastern Linn county, has been forced by a three-foot fall of snow.

The Port Orford Cedar Products company has installed in its factory in North Bend \$10,000 worth of new machinery to speed up output and add a new style of box manufacture.

Elwood Nolan, 19, of Marcola, bled to death after he had accidentally shot himself in the leg. The youth was riding a speeder on a railway above Wendling when the rifle fell and was discharged.

County officers are seeking to trace the source of strychnine found in a home-baked cake by Mrs. George Mayer of Enterprise. The cake was bitter, so she fed some to a cat and pigs and all died.

A new band sawmill is to be constructed at Lakeview by the Underwood Lumber company as soon as possible. The mill will have an eight hour capacity of 60,000 feet and will employ two shifts.

A fine Indian tanning knife, hewn out of glass rock, was found by James Tony, who was Redmond's marshal for eight years. Tony found the knife in the soil on the Bend-Burns highway near the Half Way house.

Arrangements to complete the deal between the government and the owner of the land on which the dam is to be built and landowners under the Thief Valley irrigation project in Baker county have been made.

The city council of The Dalles has agreed to permit the erection of corrugated iron structures within the fire limits provided the buildings do not exceed one story in height and have no wood in the construction.

F. A. Phillips of Baker was elected president of the Oregon Wool Growers association at the closing session of the two-day convention held in Burns recently. E. F. Johnson of Wallawa, J. G. Barratt of Heppner and S. E. Miller were elected vice presidents.

Clifford D. Conrad of Imbler, a Union county baby beef, pig and sheep club member, has been named the Oregon winner in a state-wide 4-H meat animal livestock project contest. This was announced by H. C. Seymour, state club leader of Oregon State college.

Two Monmouth families are enjoying fresh strawberries this month despite the imminence of winter. Mrs. Addie Shore and Mr. and Mrs. Charles Newman, who have adjoining garden plots, have been picking the red fruit from an everbearing variety of vines. They were set out two or three years ago.

Approximately \$1,000,000 has been released in Oregon by the war department during the past two years through the medium of the national guard, according to the biennial report of Major General Geo. A. White, commanding general of national guard troops in the northwest and adjutant general of the state.

Loans by the state bonus commission to Oregon veterans, slackened during October, beginning a period of fewer loans, according to reports compiled by Frank Moore, secretary of the commission. "Most of the loans are made by the commission during the summer, when farm lands are being sought," Moore said.

The Ralph Ashton family of Sheridan awoke in the morning and found their cow hanging in a tree in the yard limp from exhaustion. Evidently the cow had reared up to reach a choice bit of foliage and had caught her foot in a crotch. It was necessary to cut the tree down to release the cow and she was too weak to get up.

In the construction of its new reinforced concrete fruit packing house, at a cost of approximately \$50,000, covering an entire block on Cascade avenue, the Apple Growers' association, a co-operative organization owned and operated by the fruit growers of the Hood River valley, owns and operates the largest fruit packing plant in the United States.

Lawrence De Os of Fourmile, Coos county, recently put out a trap and caught a black bear weighing 350 pounds. About 100 yards away he found another bear lying dead. It was smaller and had been badly chewed up. Apparently the two bears had approached the bait about the same time and had a fight. The victorious one had been caught in the trap.

Five feet of snow in Newberry crater, south of Bend, has slowed down trout egg taking operations at East lake, Pearl Lynes, Red river hatchery superintendent, reports. The eggs will have to be carried on sleds over the crater snowfields and the Paulina rim to a point near the Dalles-California highway. More than 6,000,000 eggs had been taken from East lake when the storm struck.

A unique social event was the "fire box" party given at the Klamath heating plant recently, when the new modern central heating plant of the city was dedicated. The dinner was served in the combustion chamber of the firebox. Strong electric lights illuminated the combustion chamber. It was necessary for the guests to crawl through the small opening into the chamber.

Announcement of the 16th annual convention of the Western Nut Growers' association has just been made by C. E. Schuster, secretary, who has issued the program. The meeting is to be on the Oregon State college campus December 3 and 4. It will include the annual nut show put on by the association, in which prizes are offered for best displays of walnuts, filberts, black walnuts and chestnuts.

A total of \$24,677 has been obtained by University of Oregon students through the student loan fund from January 1, 1930, until the present time, according to Hugh Biggs, dean of men, in charge of the fund. Of the 165 students using the fund 54 were women, who borrowed \$5720, while 111 were men, borrowing \$15,957. The average loan made to women was \$105.92 and that to men was slightly higher, \$110.27.

Over 95,000 motorists, vacationists and week-end campers visited the four districts of the Deschutes national forest last summer, according to figures of the forest service. In the scenic Metolius country there were 17,350.

Work on the new building to house the United States naval radio station on the north side of Coos bay, opposite from Empire, will proceed rapidly, as the foundation of concrete is set and the structure, which will be of brick and contain ten rooms, will be rushed.

Mrs. Electa Thordenburg of Cottage Grove has just completed a patchwork quilt which she started when she was 7 years old. She is now past 75. She completed the blocks when she was 12 years old and kept them laid away until a short time ago.

A citizen who is otherwise qualified has a right to vote at any election held by a county road district, regardless of whether he is a taxpayer. This is the reply of Attorney General Van Winkle to an inquiry by Alta King, district attorney for Lane county.

DELAY MORROW SEATING

Dwight Morrow.

Washington.—Senator-Elect Dwight Morrow will miss qualifying for office when congress convenes December 1 because of a technicality in the New Jersey election laws. The law provides that the state board of canvassers must meet four weeks after the balloting to certify those elected. This meeting will take place December 1. Thus Morrow will have to wait a day or two.

GRADUATION TIME TO BE UP TO STUDENTS

U. of C. Adopts New and Radical Education Program.

Chicago.—The University of Chicago announced that the trustees and faculty have sanctioned the beginning of a new and radical experiment in educational and teaching methods.

The antiquated machinery of a fixed and formal education is to be scrapped, and in place of the present undergraduate course, with its four years, certain number of credits and degree at the end, a new type of college is to be created in which the student will be able to graduate whenever he can pass a comprehensive examination.

A genius may get through in two months, a brilliant student in a year. One who enjoys the social side of college life may loaf along for four years. Then there is a passing and weeding, but no degree. The students upon whom the university thinks it worth while to spend more time and money will then go on in special courses, but still with no time limitations, where they will be given degrees.

The present graduate school is to go and in place of this and the present undergraduate courses the non-professional training will be divided into five main sections, each with a dean. These are the social sciences division, the physical sciences division, the humanities division, and the college.

This reorganization forms the framework around which the new educational method is to be built. It may be extended, if found successful, into the professional schools, shortening courses there so that it will not take so long to become a doctor or a lawyer, but one will be a better doctor or lawyer.

Iowa Corn Husker Champ; Net Load of 2,123 Lbs.

Norton, Kan.—Fred Stanek of Webster county, Iowa, champion corn husker of the nation in 1924, 1926 and 1927, won that honor again in the seventh annual contest here with a net load of 2,123.8 pounds, or 30.34 bushels of corn at the end of the 30 minute husking period. Guy Simms of Harlan county, Neb., ranked second with 2,075.5 pounds, or 29.65 bushels.

The total amount husked by the new champion was the greatest in any contest in which he won the championship, but it was slightly over 350 pounds short of the record established by Elmer Williams of Illinois in 1925.

In the highest six with Stanek and Simms with the bushels husked were: Theodore Balko, Redwood county, Minn., 28.83; Ray Hanson, Cottonwood county, Minn., 28.439; Orville Welch, White county, Ill., 28.41, and Harold Holmes, Henry county, Ill., 28.25 bushels.

Legion Membership Increases.

Indianapolis, Ind.—The greatest advance membership in American Legion history, 236,879 now enrolled for 1931, was reported in a national telegraphic roll call at the annual conference of department commanders and adjutants in session at national headquarters here.

Glenn Asks Return of Beer

Washington.—Senator Otis F. Glenn (Rep., Ill.) has proposed that the Volstead act be amended to permit the return of beer by eliminating the section limiting the alcoholic content to one-half of 1 per cent.

Married 72 Years; Dies

Edina, Mo.—Married for 72 years, Mr. and Mrs. Joseph W. Ezell were separated by death when Mrs. Ezell succumbed to infirmities of age. She was ninety-two. Mr. Ezell is ninety-four.

5,748 Pints in "Pineapple" Car
New Orleans.—Customs agents recently seized a car marked "Pineapples," consigned to the Ontario Produce Company, Ltd., and found it contained 5,748 pints of bourbon whiskey.

TOLL OF TORNADES' DEAD MOUNTS TO 20

Scores Injured; \$1,000,000 Damage in South-West.

Kansas City, Mo.—Tornadoes which swept through Oklahoma, Arkansas and Kansas communities a few days ago exacted a toll of 20 lives, injured scores, left many homeless and did property damage estimated at nearly \$1,000,000.

At least 14 persons were killed and 57 injured seriously by the tornado which demolished more than 100 houses at Bethany, a Nazarene settlement of 2,000 population seven miles west of Oklahoma City.

Four were killed at the Camel creek school, about four miles south of Bethany, where the tornado first struck. The teacher and ten pupils were injured and the schoolhouse demolished.

D. D. Powell, city recorder of Ola, Ark., was killed and his wife seriously injured in a tornado which razed half the business buildings in that town of nearly 1,000 inhabitants.

Sixteen children and a teacher were injured by a tornado which demolished a rural school building near Victoria, Kan. Twenty buildings were demolished and a man seriously injured at Neal, Kan.

National Guardsmen patrolled the Oklahoma storm-swept area to prevent looting and keep the crowds of curious away. Much of the traffic on United States highway 63, the main street of Bethany, was rerouted.

Classes at Bethany schools were dismissed for the remainder of the week so the students could attend funerals of friends and relatives and assist in clearing debris and rebuilding homes.

All ambulances in Oklahoma City were rushed to the scene and the dead and injured were brought to city morgues and hospitals. Red Cross and Salvation Army workers rendered first aid.

The first organized relief unit to attack the wreckage was the football team of the near-by Putnam Consolidated school. Two members of this group alone carried eight dead from the wrecked homes.

Honolulu, Hawaii.—With ten bodies recovered and at least 20 reported missing, the death list lengthened as workers searched debris piled by a flood which swept northern Honolulu. Most of those drowned were orientals. Others were Hawaiians and Portuguese.

Property damage by the sudden torrent from the mountains was estimated at \$150,000.

American Bar Members Vote Against Dry Law

Chicago.—The result of a national poll on the prohibition amendment among members of the American Bar association, begun last January, was announced as 13,779 in favor of repeal and 6,340 for the present laws. Another poll on the advisability of conducting the nation-wide vote among lawyers, resulted in 14,782 in favor and 5,625 against. The association had stipulated that, unless the vote for the referendum showed a majority, the result of the repeal poll would not be made public.

Will Offer Measure to Limit Farm Production

Washington.—Representative Langford (Dem., Ga.) announced a few days ago, after calling on President Hoover, that he proposed to offer an amendment to the federal farm act to limit production. He plans to propose that, whenever 75 per cent of the farmer members of a co-operative should sign a contract with the farm board to limit production of any commodity, the board would in return advance to the farmer the ten-year average price of that commodity.

27,000,000 Bu. Wheat to Be Used as Feed in Kansas

Topeka, Kan.—Kansas has already fed approximately 5,000,000 bushels of wheat to live stock and poultry this fall, according to the state agriculture department. Seven hundred bankers throughout the state, the department announces, have estimated that of the 1930-1931 crop of 150,000,000 bushels, 17 1/2 per cent or about 27,000,000 bushels will be used for feed.

Red Cross Founder Dead

Port Orchard, Wash.—Mrs. Sarah Sisson, eighty-eight, one of a group of Washington (D. C.) women who formed a nurse organization after the battle of Bull Run, which was the parent body of the American Red Cross, is dead here.

Dies of Hairpin Stab

Mellon, Wis.—A hairpin was blamed for the death of Mrs. John Kunz, forty-six. She fell from a chair while hanging curtains. A hairpin punctured her skull and entered the brain.

Gets Life for Killing 3 Children

Martinsburg, W. Va.—Taylor W. Hott, thirty-five, Martinsburg, was sentenced to life imprisonment in the penitentiary for the killing of his three children, who were drowned in a quarry pool here last July 21.

Helium Discovery in Belgian Congo

Brussels.—The discovery of helium in the Belgian Congo in large enough quantities to be of commercial value and to compete to some extent with the United States, is reported.

The KITCHEN CABINET

(© 1930. Western Newspaper Union.)

The evils of life appear like rocks and precipices, rugged and barren at a distance; but at our nearer approach we find them little fruitful spots.—Spectator.

TEMPTING TAPIOCA DISHES

In many dishes where cornstarch is used for thickening, tapioca may be substituted. Many object to cornstarch largely because it is not well cooked. Any starchy substance needs cooking to burst the starch cells and make it digestible.

The following is something new and worth trying. Cook one-third of a cupful of quick cooking tapioca with one teaspoonful of salt, one-fourth teaspoonful of pepper and two cupfuls of scalded milk in a double boiler until the tapioca is clear. Pour into small deep pan and chill thoroughly. Unmold and cut into one-third inch slices. Fry thinly sliced bacon until crisp. Remove from the pan, dip the tapioca slices in flour and fry until a golden brown. This is served with the bacon.

Cranberry Relish—Cook one-half cupful of tapioca with one-fourth teaspoonful of salt, one-fourth cupful of raisins and one quart of cranberry juice and pulp strained and heated, for fifteen minutes in a double boiler or until the tapioca is clear, stirring frequently. Add one cupful of sugar, one-fourth cupful of walnut meats and four oranges peeled and quartered. Chill and serve as a sweet relish with fowl or meat.

Lemon Sauce—Cook three table-spoonfuls of tapioca in two cupfuls of boiling water in a double boiler until clear, stirring frequently. Add two table-spoonfuls of butter, three-fourths of a cupful of sugar, three table-spoonfuls of lemon juice, two teaspoonfuls of grated lemon rind and eight marshmallows cut into small pieces. Serve poured over cake for pudding.

Cheese Souffle—Cook three table-spoonfuls of tapioca in one cupful of milk until the tapioca is clear, stirring often. Add one cupful of grated cheese, stir until melted. Cool, add three beaten egg yolks, one teaspoonful of salt and three well beaten egg whites folded in at the last. Bake in a well greased baking dish, set into a pan of water. Bake until the souffle is brown and shrinks a trifle. Serve hot.

Shieling of My Sorrow
The following legend is associated with Aueda No Dhubbach, the sloping ground lying to the east of Loch Drom, on the way from Garve to Ullapool, in the highlands of Scotland. Three young men from Strathmore were returning home from the low country where they had been working all summer and autumn. They reached Loch Drom in the evening, and as the night was stormy, they decided to stay in a shieling that was near. One of the men was a piper, and had his pipes with him, and to pass the time away he struck up a tune on the pipes, while his two companions danced to the music. One of the lads said it would be fine if they had some lassies to dance with. He had hardly spoken when three women entered the shieling, and joined the dancing. The dancing and playing went on for a long time, and at last the two men sat down on the seat, and the women seated themselves beside them. The piper, feeling all was not right, looked at his two companions, and was horrified to see them dead. Slipping out, leaving his piper with the women, he ran for his life as fast as he could. The women followed, and continued to pursue the poor, exhausted piper until dawn, when he came in sight of Fasginnach, and escaped from his evil pursuers. When the mothers of the dead men arrived at the shieling the next day they bewailed their loss, repeating the words "Aueda No Dhubbach"—"Shieling of my sorrow."—Montreal Family Herald.

Nothing New

The young son of an Indianapolis physician is intensely interested in moths. He reads everything that comes to hand concerning them. One day when his father saw him poring over a big volume in the library, he said:

"What are you reading, son?"

The son replied: "Oh, about moths, but they don't tell me anything I don't already know about them."

The interested parent asked: "Well, what is the name of your book?" when son answered:

"What All Mothers Should Know."

Woman's Vanity

The late begum of Bhopal, India, was the only woman potentate in Asia. When her son was born, she said: "The greatest depth of mercy and benevolence lies in a woman's heart. It has been a singular blessing of Allah that for three generations no son was born to take the throne."—Woman's Home Companion.

Surgeon's Knowledge

Antiseptics have been known to medical science since 1880 and anesthesia since 1849.

Lucky Find

When we find some slight help makes a marvelous improvement in a child, we wonder why we hadn't thought of doing it long ago.

Here's a good example: "My little girl was doing fairly well," says Mrs. M. Seitenbach, 5905 Emile Street, Omaha, Neb., "but I noticed she didn't eat right and didn't have much energy."

"Our doctor had recommended California Fig Syrup, so I gave her some. She improved so much I wonder I didn't do something for her stomach and bowels before. She has a good appetite and digestion and plenty of energy, now."

To point up a child's appetite, increase energy and strength, assist digestion and regulate the bowels there's nothing like California Fig Syrup. Doctors advise it to open bowels in colds or children's diseases; or whenever bad breath, coated tongue, etc., warn of constipation.

Emphasize the name California when buying, to get the genuine.

CALIFORNIA FIG SYRUP
LAXATIVE-TONIC for CHILDREN

Lawyer Was Looking to Another Day in Court

Associate Justice Wendell P. Stafford of the District of Columbia Supreme court tells this one:

A certain lawyer was arguing a case before a state Supreme court. Things were going against him. The justices had gone off on a tangent and by the battery fire of questions from the sitting justices the lawyer knew the case was going against him. Finally he admitted defeat, saying:

"May the court please, it looks as if this case is going to be decided against me. However, another case covering the identical point is soon to come before your honorable body—and it may interest the court to know that in the second case I represent the opposite side."

STOMACH UPSET, SOUR? THIS WILL COMFORT

Don't let sour stomach, gas, indigestion make you suffer. And don't use crude methods to get relief.

Just take a spoonful of Phillips' Milk of Magnesia in a glass of water. It instantly neutralizes many times its volume in excess acid. It will probably end your distress in five minutes.

Phillips' Milk of Magnesia is the perfect way to end digestive disorders due to excess acid for men, women, children—and even babies. Endorsed by doctors, used by hospitals.

Your drugstore has the 25c and 50c sizes. Insist on the genuine.

Lone Deficiency

"Shakespeare's knowledge seemed to embrace every subject," said Mr. Buskin.

"Yes," answered Mr. Stormington Barnes. "About the only thing on which he appeared to lack information was the Baconian theory."—Washington Star.

New Reason

Blinks—Why is your wife on such a strenuous diet?

Jinks—We have bought one of those infant-size cars and she is trying to get thin enough to ride in it.—Cincinnati Enquirer.

Don't Risk Neglect!

Kidney Disorders Are Too Serious to Ignore.

If bothered with bladder irritations, getting up at night and constant backache, don't take chances! Help your kidneys at the first sign of disorder. Use Doan's Pills. Successful for more than 50 years. Endorsed by hundreds of thousands of grateful users. Get Doan's today. Sold everywhere.
