To take off fat—take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at The Nyssa Pharmacy or any drug store in America. If this first bottle fails to convince you this is the easiest, surest and safest way to lose fat your money gladly returned.

it's worth the price

"Shine 'em up." How little you think of spending a few cents for the service.

But compare the cost of shining your shoes with the electricity required to operate a clothes washing machine for a week's wash. The electrical cost is even less. Consider the cheapness of other electrical service.

.... but where do you get more for your money than in buying Electric Service?
