ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts. Be sure to get the genuine.

The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.

Misses Iola and Velma Mull and their brother Fred were guests of Mr. and Mrs. Felton Duncan at their farm home during Christmas vacation.

Mrs. Emma Duncan is visiting her son Jim Duncan and family at Blackfoot. She is expected to return this week.

Averitt Hickox and wife returned to Weiser last week after spending the holidays with Mr. and Mrs. V. V. Hickox in Big Bend. Averitt is assistant coach and teacher at Weiser Institute.

V. V. Hickox, Big Bend farmer, was in town yesterday. He is busy with grange activities but not too busy to enjoy them. Monday he installed new officers of the Parma grange. Tonight he will install at Arena Valley.

Mi 31 SOLUTION

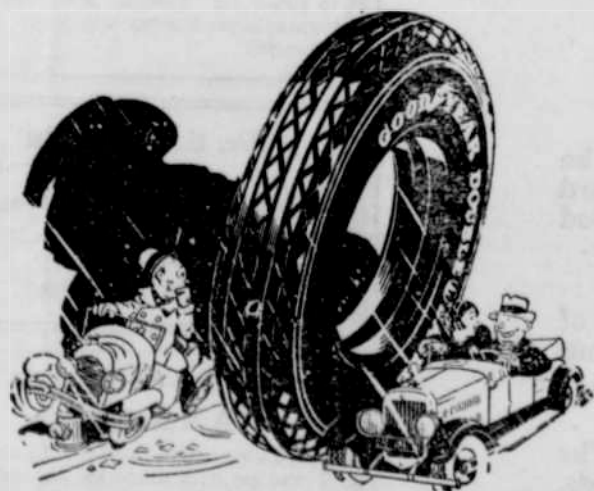

Here is a mouth wash and gargle that neutralizes even onion odors instantly. In normal gargling time it kills the germs that cause sore throat and infection.

We wanted to be sure about Mi 31 as antiseptic in practical use. So we tested it in the mouth! 5,000,000 Streptococci were killed in 2 seconds. Say Mi 31 always.
