When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go, get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

SCHOOL BUS RACES WITH COYOTE MONDAY AT OVERSTREET RANCH

There must be some attraction for coyotes near the Robert R. Overstreet ranch. Thinking that he was chasing a dog until he was near him, Leon Higby, driver of the Nyssa school bus, followed a coyote a quarter of a mile near the Overstreet ranch Monday morning. The coyote narrowly escaped being run down. Bernard Frost struck and killed a

coyote in the same vicinity two weeks ago.
