CONNOLLY GREET SHEA WHEN TWO MEET IN TUNNEL

(By C. A. BETTS)

Owyhee Dam—A noteworthy event on the Owyhee irrigation project was the meeting of the Connolly and Shea tunnels last week with the excavation of the last shovel full of dirt in Tunnel No. 1, 3.5 miles long.

Engineer F. A. Banks was present at the final shot which showed a perfect connection. Foster Towle, resident engineer of Tunnel Canyon, crawled through the first hole that was made and greeted Earl Harman, resident engineer at Connolly's camp. Gilbert Shea and his crew came through to pass the time of day with Bill Connolly.

Mr. Banks' party enjoyed the experience of traveling through the entire length of 3.5 miles, from Connolly camp to Tunnel Canyon. It is a short cut through the hills for the big ditch.

Castoria is a pure vegetable preparation made specially for babies and children. This means it is mild and gentle; that it contains no harsh drugs, no narcotics. Yet it always gets results! Reduce the Acid

SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated.

Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go, prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians in correcting excess acids.
