

EASTER SUNDAY BRINGS PAGEANT "WAY OF CROSS"

METHOIST AND EPISCOPAL CHURCHES PREPARE SPECIAL EASTER SERVICES FOR PUBLIC; PAGEANT EASTER NIGHT.

John 11:25—I am the resurrection and the light. He, that believeth on me, though he die, yet shall he live.

In harmony with this beautiful bible verse, the Easter story of life and promise after death will be retold in song, sermon and pageant in Nyssa churches Sunday. Easter is one of the important religious holidays and as such it will be observed. If nice weather prevails, it is expected that more than the usual number of churchgoers will attend the special services that have been prepared.

Foremost on the Easter program is a pageant, "The Way of the Cross," which will be presented by young people of the community at the Methodist church Sunday evening. The scene will represent the garden of Joseph of Armathea and special lighting is expected to make it very effective. The cast includes: Chester Sager, Stranger; Rose Worley, Spirit of Easter; George Reberger and Gilbert Klinsenberg, Roman soldiers; Fred Spencer, James Lewellen, Pharisees; Darlene Dunaway, Mary Magdalene; Mabel Posey, Mary, the Mother of James; Carlotta Irwin, Salome; Howard Proster, Joseph of Armathea; Harley Sager, Peter; Clyde Benton, John; Emerald Hardin, Gladys Campbell, women of Jerusalem; Barbara Browne, Max Nadeau, Dale Birmingham, Patricia Nadeau, Jewish children. The choir, under the direction of Mrs. Howard Larsen, will sing the pageant songs. Mrs. W. W. Foster, director, is assisted by Mrs. E. J. Davis and Chester Sager. Miss Ella Martin will open the program with a solo.

Mrs. Larsen has arranged for several solos at the Easter morning church service. Miss Edna Dennis will sing "Holy City," Miss Ione Gardiner, "Arcadia," a special number. The choir will give the anthems, "He Is Risen," and "Victory Bells." Sunday school will be the children's hour. For the opening exercises, young folk will give Easter readings and songs.

EPISCOPAL CHURCH Mrs. J. Boydell, superintendent of the Episcopal Sunday School, announces that there will be a program by the children at 10 o'clock Sunday morning. It will follow Holy Communion at 9 a. m. Rev. Stanley Moore will hold Good Friday services at 1:30 p. m. Friday.

"DAD" CELEBRATES HIS 75th BIRTHDAY; MARRIED 50 YEARS

"Dad" Fred Powell celebrated his 75th birthday yesterday by eating a hearty dinner and working in his rock garden. A few weeks from now it will be one of the prettiest gardens in town. Dad Powell also enjoyed a radio selection sung by the Wranglers over KNX in honor of his birthday.

Mr. Powell was born in Camden, New Jersey, March 23, 1857. He came west in 1909 and located at Nyssa where he has since resided. He and Mrs. Powell celebrated another important event a few months ago that "Dad" almost forgot, their golden wedding day. Dad says it is no easy task for a man to remember an anniversary day, "but when they get into the 50's, it is almost impossible."

OWYHEE RANCHER WILL RACE MANY CANDIDATES FOR COUNTY SHERIFF; MAKES ANNOUNCEMENT TUESDAY.

Fifth to enter the race for the Republican nomination for sheriff of Malheur county is William "Bill" Peutz, rancher on the Owyhee for the past 23 years. He made his formal announcement Tuesday.

Mr. Peutz is no stranger to county and community affairs, nor to law enforcement. For five years he was deputy game warden for this section. He has been in office for the Owyhee school district many years, having served as clerk two terms and as director five terms—in all 17 years. At present Mr. Peutz is president of the Owyhee Drainage district. He has served as road supervisor.

In 1909 he bought a tract of sagebrush land on the Owyhee. Since that time he has resided on the farm and has improved it extensively. Mr. Peutz is 49 years of age, married and the father of three sons.

"If nominated and elected I will, during my term of office keep in mind at all times that the cost of running same is paid by the taxpayers of the county and must be kept down to the lowest possible figure," Mr. Peutz stated in a declaration to the public Tuesday.

Other Republicans out for sheriff are Marshall A. V. Cook of Nyssa, Charles Powell and Ray Emmott of Ontario and John Lienhard, rancher on the Boulevard.

Sheriff C. W. Glenn is a lone Democrat to date.

PROPOSED TRUNK HIGHWAY WOULD MISS MALHEUR

LOCAL COUNTY COURT SECURES SURVEY FOR 20 MILES OF CENTRAL OREGON ROUTE FROM JUNTURA TO BURNS.

With delegates from four eastern Oregon counties clamoring for a north and south highway, running from Pendleton to John Day and Burns to a connection with the Yellowstone Cut-off at the Harney county seat, it was no easy task for Judge David F. Graham and Commissioner J. D. Fairman to get a survey on 20 miles of the Central Oregon highway from Juntura to Burns at the meeting of the highway commission in Portland last week. However, the survey was ordered.

The entire Harper-Juntura link is completed or under contract. Tom Lillebo of Reedsport, has begun work on three bridges across the Malheur near Juntura which cost \$42,207. Hall and Gilo, Portland, will grade 6.5 miles between Peach and Juntura this spring.

Judge Graham and Mr. Fairman returned from Portland last Friday afternoon.

Malheur Sliced Off The proposed Pendleton-John Day-Burns-San Francisco project shows that construction of a short mileage between the John Day and Pendleton spur will complete the trunk. It is obvious that the road will serve traffic that might otherwise take a short cut route through Malheur county—if a short cut route to California through this section would actually be shorter.

April Projects E. B. Aldrich, Pendleton, eastern Oregon member of the commission, stated Tuesday that 48 state highway projects, covering all sections of Oregon and costing \$2,451,000 are scheduled for letting by the commission between April 7 and June 2. The commission will require, where feasible, that 8-hour shifts be employed so as to provide work for the maximum number of men.

In event the emergency highway appropriation bill, which has passed the house, is approved by the senate and signed by President Hoover, an additional \$2,600,000 will be available for work on Oregon highways, Aldrich said.

NYSSA BASEBALL PROSPECTS BRIGHT; HOOP SEASON GOOD

Coach John Young beams with optimism when he discusses high school baseball for the coming weeks of spring. He welcomes the return of four of last year's lettermen who aided in winning the 1931 trophy for Nyssa high. Another reason for optimism is the fact that the pitchers Orville McEwen and Dean Johnston are still on the job.

About 20 boys are turning out for bunting and sliding on the school grounds. The diamond is too damp for a real work out yet.

The present plan is to enter a four-team league with Ontario, Vale and Weiser Institute.

Young made a report of the basketball season which shows that the Nyssa boys won 9 games and lost 5. Eight boys won letters, Foster and Keizer, seniors; Boor, Hatch, Schweizer, Lakey, Sager and Setts. Others did not play in sufficient first team games to make letters but they aided in Nyssa's good showing for the season. On this list is Marshall, Williams, Ernest, Butler, lower; classmen, Spencer, Wilson, Boren, Boor Montgomery Forbes Taylor.

Outstanding prospects for next year's hoop team are Lakey, Schweizer, Spencer, Boren, Forbes, forwards; Howard Boor, Bela Sager, Chapman, centers; Earl Sager Setts, Guard Montgomery, Williams and Taylor, forwards.

Children Awake To Find Their Home On Fire

With fire making good headway under the floor and in the walls of their upstairs room, the children of Mr. and Mrs. Mike Dragich had a narrow escape from danger early Friday morning. Their house caught fire but little damage was done because of its early discovery by Mrs. Maud Stone, who makes her home with the Dragich family.

Mrs. Stone was awakened by smoke. She lost no time in awakening the Dragich children and taking them outside. The alarm was turned in. First at the scene were Mr. and Mrs. Dragich, who were summoned from their work at the Electric Cafe. Many volunteers answered the siren and the blaze was soon extinguished.

Damage to the house and furniture was about \$200.

SUPPLY BILL SLASH WOULD HIT PROJECTS

Washington, D. C.—Insistence of the senate that the supply bill of the department of the interior be reduced 10 per cent may effect the Owyhee and Vale projects and Indian reservations in Oregon, also the construction of roads and trails in national forests. The bill now provides \$2,000,000 for Owyhee and the \$600,000 added in the bill for the Vale project reservoir on the North Fork. The department and western senators are opposing the cut.

(School Notes) The Junior-Senior banquet, the most important social event of the school year for the upper classmen of Nyssa high school, will be given Saturday night, March 26, at the gymnasium. Miss Clarice Johnson is assisting the hosts of the Junior class in planning decorations, program and other details of the delightful affair. It is whispered that decorations will carry out an old-fashioned garden idea and the Colonial motif. But all of this will be a surprise for the honor guests of the evening, the members of the graduating class of 1932. The guests will include the senior class, faculty members of the school board and their wives.

After the banquet, the Sophomores will give a dance for the student body. Elizabeth Peaslee, transferred from Ontario, is a new member of the Junior class.

F. F. Gubin, assistant professor in hydraulic engineering from Moscow, Russia, left Nyssa this morning after three days on the Owyhee project. Mr. Gubin inspected the Owyhee Dam and distribution system, including tunnels and canal now under construction. His visit here was the last one after a series of many visits on irrigation projects in the United States.

Mr. Gubin stated that he was greatly impressed by the magnitude of the Owyhee Dam and by the Hoover Dam in Colorado and by other wonderful works in this country.

From Nyssa, Mr. Gubin is driving direct to New York. He will sail to Europe and back to Russia early in April.

LAMBING PROLIFIC; NEW FAMILIES LEAVE FOR DISTANT HILLS

The early lambing season has been an exceptionally prolific one around Nyssa, many sheepmen report. Many growers have 150 to 250 per cent increase on account of a large percentage of twins. Rains and warm weather have transformed the range from its winter coat to young, green grass that is making a splendid growth. Hay shortage has no more threats for sheep and lambs—they are leaving for the hills.

DANA QUITS GAME COMMISSION; ASKS CHANGE IN POLICY

Marshall N. Dana, associate editor of the Oregon Journal and Democratic candidate for United States senator, Tuesday resigned as a member of the Oregon state game commission to which he was appointed by Governor Meier about a year ago.

Mr. Dana stated he was quitting the board so the administration and game commission would not be embarrassed by "any suggestion of political exploitation of his appointment."

Accompanying the resignation was a recommendation that authority over game wardens be restored to the game commission. Authority is now in charge of the state police. If complete charge of the warden was given to the commission confusion would be eliminated and efficiency greatly increased, Mr. Dana said.

WOMAN GETS SHOPLIFTER

MRS. ED WILSON RECOVERS FIVE BOXES OF HOSE FROM SHABBY STRANGER; THIEF MAKES SPEEDY EXIT.

The Golden Rule Store needs no detective when Mrs. Ed. Wilson is on the job. Saturday night she caught a shoplifter with the goods and as a result the store is richer by five boxes of ladies silk hose.

The near theft occurred at a busy time. Other store clerks were working in the rear of the building and Mrs. Wilson was alone in the front. While waiting on a customer, she saw a stranger slip a box of hose from a counter under her coat.

Mrs. Wilson circled through the crowd and around to the front door. When the stranger attempted to leave, she barred his path and demanded that he drop the package. With no little indignation she also ordered him to leave the store at once.

The shoplifter needed no second invitation. He removed not one, but five boxes of hose from his coat and beat a hasty retreat. Mrs. Wilson gazed at the loot in surprise. She rushed to the door but the shoplifter was lost in the evening crowd. Mrs. Wilson recalls that he was a dark, short and heavy set man of about 35 years. He was shabbily dressed.

No doubt, he engages in the ladies silk hose business.

Large Apple Valley Orchard Will Be Farmed in Units This Season

Like the great cattle ranches that made their exit with changing conditions after the west grew older, the immense holdings of the Northwestern Orchards company in Apple Valley, across the river from Nyssa, have come to the parting of the ways. The entire orchard has been separated into subdivisions. Some of the orchards will be pulled, some of the best of it will be rented as apple orchard land.

About 1600 trees are being pulled on what is known as the Fred Fisher division. For the past eight years this section has been run by Mr. Fisher. Several newcomers in the community have rented small tracts. Vertrees and Sons will operate Minton Ranch No. 1. The Baker Brothers have taken Section 17. C. Dobbenberger will operate Minton No. 2.

POTATO PRICES RALLY; ONIONS ARE STILL HIGH

O. S. C.—Potato markets from March 10 to 18 experienced the greatest rally in months, due largely to the prolonged season for old crop potatoes as a result of damaging frosts in the southern early crop districts, according to the Oregon State college extension service. FLOOD WATERS ON OWYHEE TEAR OUT RAILROAD

WITH TUNNEL TAKING FULL CAPACITY, WATERS SWELL TO HEIGHT OF 50 FEET ALONG OWYHEE DAM; 24-HOUR RUN-OFF IS RECORDED.

Owyhee Dam backed up a torrent of flood waters that gushed down the swollen channel of the Owyhee river at the rate of 15,000 cubic feet per second for close to 24 hours Monday. The torrent overturned a drystone that had been abandoned on the cofferdam. It cut out sections of railroad between the mixing plant and the dam and cost the General Construction company damage to property estimated at several thousand dollars.

The torrent swept through the diversion tunnel under the spillway at terrific velocity, dashing water to a height of 25 and 30 feet when it gushed out of the tunnel. The railroad running from the mixer was in a direct line. To prevent the entire stretch of railroad from being torn out, the General Construction company resorted to blasting down sections of the cliff above. These fell into the channel and protected the track from the ravages of the seething pool.

Water rose to a height of 50 feet along the dam in spite of the fact that the tunnel was disposing of flood waters to its full capacity.

At a low point in the road between the government camp at the dam and "Hollywood," the first camp of the General Construction company, several feet of water shut off the road Sunday night and Monday. Several Owyhee camp residents took their cars to Hollywood Sunday night. Monday their only means of exit was by foot over a hill that rises from the roadway.

The highest flood record on the Owyhee the bureau of reclamation has record of is 23,000 cubic feet per second. 8,000 feet more than the flood this week. At the rate the water came down Monday it would take 40 days to fill the reservoir, an official stated today.

The waters have subsided and the General is repairing its track over which concrete is transported from the mixer for use on the upper panels of the dam.

CARS RUN TOGETHER; LITTLE DAMAGE DONE

Cars driven by Estes L. Morton, deputy in charge of the Malheur County bank, and Rock Shelton ran together near the J. C. Beam ranch Monday and escape for both drivers was fortunate. Shelton had started to turn into a side road when the accident occurred. Neither car was damaged to any serious extent. Murray Morton was with his brother when the accident occurred.

Mr. Tensen will make another delivery in Portland Friday.
