Uncle Sam Puts Sales Tax Into Effect Tuesday; Coal Escapes

Tuesday, June 21, the new federal tax bill went into effect to operate for two years, or until June 30, 1934.

The new law does not impose a 10 cent per hundred pound on coal. The tax on coal is listed under import taxes and affects only imported coal. Neither is there a direct tax on lumber and copper, as only tariffs were raised with the obvious purpose of protecting home industry.

However, a hundred and one articles used every day will be taxed, the list including matches, gasoline, electricity for domestic and commercial usage, automobiles, tires, candy, soft drinks, toilet preparations, malt and a host of others.

Telephone messages costing more than 50 cents telegraph and cable communications will be taxed. Bank checks are taxed at the rate of 2 cents for every one written.

The tax on admissions is applicable at the rate of 1 cent for each 10 cents or fraction thereof on charges above 40 cents. Admissions not only to theaters but to any place are affected. The tax must be collected from the persons paying the admissions and persons, except employees, admitted free or at reserved rates must pay the tax.

Certain exemptions are made in favor of religious, educational or charitable organizations, except at wrestling or boxing exhibitions. The regulations made public today provide no exemption for college athletic games or for those operated by the government.

The tax on tickets sold for more than the established price is 10 per cent of the excess remaining after the fixed price and the tax have been deducted. This tax in effect since June 6, is paid by the seller.

NEW DIESEL ARRIVES HERE

TERTELING BUYS NEW DIESEL DRAGLINE FOR BUILDING FIRST STRETCH OF OWYHEE CANAL; WEIGHS 140 TONS.

New model automobiles may have their free wheeling but the new Diesel dragline purchased by J. A. Terteling company, Ellensburg, Wash., for construction of the first stretch of Owyhee main canal is the first dragline west of the Mississippi with an aluminum boom. Booms on the older machines were made of steel and were much heavier.

The new Diesel, which arrived in Nyssa Thursday, is a giant. It has a 3-yard bucket which will excavate 2000 yards of earth in an 8-hour shift when the going is good. It weighs 140 tons and it took three railroad cars to bring it from the Bucyrus-Erie factory in Milwaukee to Nyssa. A. E. Johnson is erecting the machine on the project southwest of town.

Frances Burger and Pearl Knox, of the Terteling company, began work today. They stated that Mr. Terteling plans to operate three shifts daily when the work is underway and that it will take about five months to build the 4.6 miles of canal at a cost of \$133,430.

The present county court has been very successful in the sale of lands.

Ontario Meets Nyssa Sunday; Deciding Tilt

Two old rivals, Ontario and Nyssa nine, meet here Sunday for the deciding game of the Idaho-Oregon league. Both teams are tied for first place with six games won and one defeat. It is sure to be a battle royal.

Nyssa bowed to Ontario a few weeks ago, when she received her only drubbing of the year. She is not discouraged, however, and is hopefully waiting the Sunday tilt. Nyssa's southpaw ace Dick Young will hurl for the locals while it is expected that Ontario will first place her fate in the hands of Freddie Nightengale.

Ontario's lone defeat was at the hands of the Nampa nine four weeks ago, when Nampa edged out 5 to 4.

HAY CROP IS BUMPER

STACKS FROM FIRST CUTTING REPLENISH STACKS DEPLETED BY SHORT YEAR; SOME WILT.

First harvest of the immense hay crop of the Nyssa farming area is well underway. Some new stacks already dot the landscape where the supply was almost completely exhausted last winter and there is every indication that the crop will be up to standard on most farms.

Heavy stands of hay have been cut and stacked, some of the best and largest crops reported on the Robert R. Overstreet, C. C. Cotton, C. M. Beaumont, T. T. Elliott and Conrad Martin farms in Kingman Colony.

The first crop is being cut on 250 acres of hay at the Pipe Line Ranch farmed by Wm. DeGroot. This is one of the largest fields of alfalfa hay in the county.

Little wilt is reported in Kingman Colony and Oregon Trail neighborhoods but in some sections bacterial wilt has thinned the fields and reduced yields. It attacks the older fields in particular and makes more frequent re-seeding necessary.

Oregon State college extension service is conducting a very thorough experiment in Malheur county, under the direction of County Agent R. G. Larsen, to determine the varieties which best withstand bacterial wilt in the irrigated regions. Over 50 varieties of alfalfa, from all parts of the world, are growing on plots and tests to determine their resistance to bacterial wilt are being made. The test plots are on the Tom Lowe farm near Nyssa, V. V. Hickox farm in Big Bend and T. J. Carica farm in Oregon Slope.

NYSSA TAKES IN BIG FISTIC BOUT

What's happening down town? Is it a fight? These were oft-repeated questions Tuesday evening when a crowd congregated on main street. Others were attracted by the crowd.

Yes, it was fight. Jack Sharkey of Boston won the heavyweight championship of the world by taking a 15-round title bout on decision from Max Schmeling of Germany—and Nyssa listened in. The verdict of the two judges and referee was split, two to one for Sharkey. The decision was as divided in Nyssa as in Madison Square Garden, New York, where 75,000 people jammed the Garden bowl.

YOUTH HIVES STRAY SWARM

An extremely large swarm of stray bees camped at the foot of a tree near the church Friday. They were packed close together for at least a foot in depth. While on his newspaper route, Curtis Foster saw the strays. He brought a hive and they accepted their new home without complaint. Foster says the beesman loses many hives every season. Too old a queen is the best excuse for moving it seems: When the bees see the bees of a particular hive on the rampage they develop a new queen. The usual larve will become a queen if placed in a larger cell and fed more often.

FARMER DIES OF RIFLE SHOT AT BIG BEND

AUGUST ANDERSON, 33, ENDS LIFE EARLY FRIDAY MORNING; BURIAL IN BOISE MONDAY.

Tragedy shadowed a new home in Big Bend early Friday morning when it became known that August Anderson, 34-year old newcomer in the community, had taken his own life by shooting himself in the head with a 22-calibre rifle. He died almost instantly.

Anderson arose early Friday morning before his family had awakened. He walked to the barnyard and there his wife found his body about a half hour after the shooting. She could give no reason for his act except that he had been despondent for several days and apparently lamented the fact that he had left a good position in Portland several months ago.

Mrs. Anderson told neighbors of the tragedy and officers were called. Sheriff C. W. Glenn, R. O. Payne, coroner, and E. M. Blodgett, district attorney, reported the death a case of suicide and announced that no inquest would be held.

Mr. Anderson was born in Sweden November 5, 1897. He is survived by his widow Ruth Anderson; three children, Eugene, Irene and Phyllis, and two brothers Harold and Alford Anderson, both of Boise. For the present the bereaved family will remain at their home on the Applegate ranch in Big Bend.

Private funeral services were held in Boise Monday afternoon with the Rev. Turner, pastor of the Seventh Day Adventist church at Payette, in charge. Burial was at Morris Hill cemetery.

Two weeks ago she gave a radio program over KSL, Salt Lake. Miss Root passed away after a major operation June 15. She was born January 5, 1901.

She is survived by her parents Mr. and Mrs. W. H. Root of Salt Lake, who accompanied the body to Caldwell, and one brother Lon S. Root of Nyssa.

They called on Robert Thompson, son of Mr. and Mrs. Jess Thompson, who is manager of a Skaggs store in Portland. They visited Miss Lizzie Thompson and the Thompson family who lived here many years.

The Ontario Commercial club was host to Nyssa Commercial club members their wives and employes of the government who are building the Owyhee project.

E. C. Van Petten, esteemed friend of the project, made the address of welcome. "We have gone a long way," he said. "Our efforts have been united and we have secured appropriations for a good start on the Owyhee. United, we must continue until the project is completed and every tract colonized."

CHILD DASHES INTO CAR; IS BADLY INJURED

Mary Lou, five-year old daughter of Mr. and Mrs. Charlie Thomason of Nyssa, suffered a broken leg and narrowly escaped more serious injury when she dashed into a car driven by N. Hatt, Owyhee rancher, in front of the Thomason home Tuesday. Fortunately Mr. Hatt was driving at a low speed and stopped almost immediately.

The child had just returned home with her mother and had left her car with the intent of first reaching the mail box.

Mr. Hatt took Mrs. Thomason and Mary Lou to the office of Dr. J. J. Sarsala in Nyssa. He found fractures of both bones in the right limb between the knee and ankle. The child suffered other bruises about the body and shock but is now recovering nicely.

SCHOOL ELECTS KOOPMAN AGAIN

CHAS. M. PARADIS, CLERK, MAKES ANNUAL REPORT WHICH SHOWS LOWER COST OF OPERATION FOR 1931-32 TERM.

Fred Koopman was re-elected director of School District No. 26 for his third three-year term at the annual school election here Monday. Charles M. Paradis was re-elected clerk. Electors also voted to discontinue bus service north-east of town owing to short distance, which does not make walking difficult, and few pupils served.

Mr. Paradis made the annual financial report. It reveals that the school was operated on receipts of \$31,107.42 last term, a reduction of approximately \$8,000 over the preceding 1930-31 term. The budget was lower and there were some tax delinquencies. Approximately \$5000 less was spent.

The report also shows that \$1500 had been paid on bonded indebtedness this year, that another \$1500 is now in the sinking fund for payment of additional bonds. Indebtedness has been reduced \$5500 in the last two years, or since a sinking fund for this purpose was created.

The report discloses that the per capita cost of education of a high school student last year was \$92.54 per capita, or \$25.21 less than the previous year. Enrollment in the high school was 160, with 29 graduates.

Buses brought 78 high school students from outlying districts. Transportation cost \$4.40 per pupil per month.

Tuesday Mr. Paradis took the report to Mrs. E. M. Orail, county school superintendent, along with books of the district for the annual summer audit.

NIGHT CIRCUS IS NEW THRILL AT VALE FOURTH

GEORGE WASHINGTON PAGEANT SLATED FOR SUNDAY NIGHT; FIREWORKS WILL FOLLOW; DANCING EVERY NIGHT.

With all the vim, thrill and enthusiasm characteristic of the wide, open spaces where men wear boots and steers are tough, Vale is preparing for the 14th annual Fourth of July celebration July 2, 3, 4. Bob Lytle is chief and believe him or not, there will be at least a half dozen new features added to the generous program for which the Vale Fourth has become famous.

The night show is the biggest new attraction. Under flood lights there will be bull dogging, exhibition riding, calf roping and musical chairs. The night rodeo will be given Saturday and Monday nights while on Sunday will be presented a beautiful pageant reminiscent of the George Washington Bicentennial. An elaborate fireworks display will follow the pageant Sunday night.

Ball games between the four high teams of the Idaho-Oregon league are headliners on the afternoon program each day. Quite as thrilling will be the contest riding for \$200 prize. Mr. Lytle says Ed. Moody is bringing a string of 30 race horses to Vale Monday and a dozen wild and wooly steers. To care for additional stock, a new corral has been erected at the south end of the arena.

Rae Nicholas and His Harmony Boys, from the Crystal Ball Room in Ontario, will play for the dance each night at Riverside park pavilion. The usual games and old time dancing will provide amusement at El Dorado old time town. Bob Barney and his band boys will play for the crowd at day and night concerts.

Mr. Lytle says Vale will bid you welcome July 2, 3, 4.
