EASTERN OREGON SEEKS COMPLETION OF CENTRAL-OREGON

Oregon money, of the millions voted by congress for emergency highway construction was apportioned last Friday at the meeting of the state highway commission in Portland, but the only project in this section of the state which received the favor of the commission was the Gap ranch section of the Central Oregon highway in Harney county.

Surfacing of the Gap ranch to Millikan section was authorized. This stretch lies between Burns and Bend and is the only portion not surfaced west of Burns.

To the east of Burns is the uncompleted portion of the Central Oregon highway which lies between Peach and Burns, a stretch of about 75 miles. Several surveys have been made and it is expected that the road will be routed by way of Crane and Drewsey soon. The order for completion of the road should follow.

The commission authorized grading from Dale south on the Pendleton-John Day highway, 4 miles, and apportioned an expenditure of \$120,000 in federal aid money.

The commission will meet in Portland again tomorrow and decide on additional federal aid projects.

New Sweet Sandwiches

HE clever hostess is putting pineapple in her sandwiches this winter—first of all because they taste delicious, second, because the enzyme bromelin in this fruit helps to digest heavy proteins, third, because its natural fruit acids turn alkaline inside the body, and last, to serve something different and new at this season's parties. Here is how to make a few:

Cheese and Fruit Sandwiches: Mash two cream cheeses, add one-fourth cup drained crushed Hawaiian pineapple, one-fourth cup strawberry preserves; cream well. Use between thin slices of buttered bread.

Pineapple Marshmallow Sandwiches: Melt twelve marshmallows in a double boiler, add one-fourth cup drained crushed Hawaiian pineapple, and cook ten minutes. Cool and spread between buttered rounds of brown bread.

Pineapple-Ginger Sandwiches: Mix together three-fourths cup

drained crushed pineapple, one tablespoon chopped preserved ginger, one-fourth cup chopped walnuts, one teaspoon ginger syrup and one tablespoon pineapple syrup, and spread between buttered slices of whole wheat bread.

Banana-Pineapple Sandwiches: Mash two bananas, add one-fourth tablespoon lemon juice, one-fourth cup drained crushed pineapple and two tablespoons honey. Add one-half cup grated mild cheese, or cream cheese, cream well, and use between buttered slices of white or brown bread.

Peanut Butter and Pineapple Sandwiches: Cream together one-half cup peanut butter, one-half cup drained crushed Hawaiian pineapple, two tablespoons chopped maraschino cherries, one tablespoon cherry juice and one tablespoon syrup from the canned pineapple. Spread between thin slices of buttered white bread with a leaf of lettuce in each.
