HALLOWEEN PRANKS

In a few days now, it will be Halloween again, the time of year when young people take delight in traversing the town after dark, seeing how much damage they can do without being caught. Although most high school students no longer indulge in this type of mischief, there are still a few who consider it necessary to their happiness to prattle about making havoc on Halloween. This is more to be expected from children of grade school age but when high school pupils do it, it is unexcusable. It is all right to have your fun but remember and respect rights of others. This Halloween instead of damaging other people's property, find some other more profitable amusement. You'll be just as happy afterward and be proud that no one's property was injured due to your playfulness.—D. B.

How Old?

He doesn't look a day over fifty. And feels like forty.

At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way.
