

## NYSSA QUINTET TRIM PAYETTE AND PARMA FIVE

LOCALS DISPLAY GOOD SHOOTING  
IN FIRST TWO ENCOUNTERS;  
SECOND STRING ALSO FAST.

Lacking the speed of their first showing but shooting baskets with repeated success, Nyssa lads trounced Payette basketballers 30 to 16 Tuesday night in the second game of the season for Nyssa's flashy five. They took the lead in the first quarter with six counters to 3 and held it until the final whistle ended the game. Summed up, it might be said the Nyssa boys excelled in size and in shooting baskets.

Fans saw a nip and tuck second string game which kept them on edge from start to windup, the clash ending 14 to 13 with the lone point in Nyssa's favor.

Nyssa 36, Parma 14

To say the least, fans were pleasantly surprised with the showing made by Nyssa in the opener with Parma last Friday night which ended 36 to 14. Schweizer was at his best, thrilling fans with three long baskets from tipoff plays in as many seconds. Lakey took scoring honors in the first half, Schweizer in the second. Line-up follows: Schweizer, f (16); Lakey, f (12); Boor, c (1); Sager, g (3); Hatch, g (2); Bela Sager (2), Montgomery and Boren. Stringfield was high point man for Parma with 7.

The second string defeated Parma 11 to 10, the visitors threatening to win in a last quarter rally. Line-up: Boren, f (6); Chapman, f; Forbes, c; Bela Sager, g (2); Montgomery, g (3). Parma took the early third string game 14 to 3. Calvin Wilson made the scores while other players were Wesley Lathen, Jake Groot, Harold Anderson, Howard Larsen, Dean Eachus, Arthur Vernon Cook.

## Counties Need License Money for Bond Payment, Says Sawyer Study

The plight which Oregon counties still having road bonds outstanding will find themselves facing in case motor vehicle license fees are cut and no provision made to maintain the return to the counties in the amount hitherto enjoyed, has been pointed out by Robert W. Sawyer of Bend, member of Governor Meier's motor vehicle license fee committee.

"A good deal has been said about the state highway bond debt of about \$27,000,000, but few realize that the county highway bond debt is about \$25,000,000," Mr. Sawyer declared.

He believes that on behalf of the counties and the taxpayers therein it cannot be urged too strongly that any rearrangement of the Oregon license and gas tax laws that fails to provide for the counties about the same income they now enjoy will add a heavy and an unjust burden to these taxpayers.

In the plan for financing the Oregon highway system as it was originally set up, Mr. Sawyer explains, the motor vehicle was taken off the tax oil. Then,

Many turkey growers will sell the last of their 1932 crop at the January pool of the Northwestern Turkey Growers association. Live turkeys will be received at the Caldwell plant January 3 to 7th, dressed turkeys from January 9 to 14th.

Brockman, manager, urges turkey growers to select only the well fleshed birds, remove all feathers and pin feathers, clean all dirt and blood from body, feet and head. ## MALHEUR COUNTY SEES BIG SHIFT IN OFFICE HEADS

COUNTY BUDGET FOR 1933 IN-  
CLUDES \$50,175 FOR ESTIMATED  
STATE TAX; FEW CHANGES  
MADE.

Marking the greatest shift in Malheur county officials in many years, officials elected in November—four out of five of them Democrats—look office this week. Other officers began new terms.

Just in time to officiate at the January term of circuit court, Hugh L. Biggs was sworn in as district attorney succeeding Attorney E. M. Blodgett. E. H. Brumbach took office as county commissioner, succeeding J. D. Fairman, and yesterday sat in with Judge David F. Graham and Commissioner Ora E. Clark at his first day in court. Murray Morton was sworn in as assessor, succeeding Andrew M. Graham. Mrs. Kathryn Claypool succeeded Mrs. E. M. Craill as superintendent of schools.

The only Republican elected was Mrs. Ora Hope, successor to C. C. Mueller, county treasurer for many years. Sheriff C. W. Glenn, Clerk Roy Daley and Engineer J. Edwin Johnson began new terms.

## County Budget Adopted

Last week the court approved the county budget for 1933, which included \$50,175 for state tax. Changes effected were 10 per cent reduction in deputy salaries, reduction of the advertising fund for land settlement from \$2500 to \$1250, elimination of the county fair fund, \$15,000 for indigents and \$1000 for veterans' relief, \$1000 for weed control, \$2700 for county library. A road tax of 1 mill was levied which will raise about \$9000. The court reported \$35,000 in the road fund at present.

The court also approved city levies as follows: Vale \$9265, Nyssa \$7145, Ontario \$3,833, Jordan Valley \$807.

## BOND HOLDERS ASK COURT TO DEMAND IRRIGATION TAXES

Following argument Saturday, Judge W. W. Wood, of the circuit court, overruled the demurrer submitted by C. E. McConnell for the supervisors of the Malheur Drainage district, in the action taken by J. D. Billingsley, a holder of the district's bonds, to compel the county court to levy sufficient taxes to pay interest on its obligations.

The court gave the defendant district officials 10 days to determine whether to appeal from the ruling or stand on the answer and try the issue, but suggested that it would be advisable for the parties to get together and settle their difficulties.

Following the hearing Mr. Billingsley and his attorney, W. E. Lees, who represents the owners of \$98,000 of the outstanding bonds, indicated that the creditors are willing to consider settlement offers. He indicated, however, that bondholders will seek damages against the supervisors, E. H. Davidson, Nelson Grover and John Moleman, because of the expense to which the bondholders have been put to secure action to levy the necessary tax. They plan, also, to proceed to foreclose liens on lands delinquent in taxes and will contest the payment by the district of expenses in connection with the action to secure the levying of the tax.

The action in this case is being watched by the bondholders of other districts in Malheur county similarly situated financially with the idea that it will show a course of action for them to follow.

## Matron Charges Friend Took Roll; Charge Dismissed

Accused of the theft of money by Mrs. Floyd Kreitz, Mrs. M. C. Zahora of Adrian was acquitted of the charge Saturday by Judge Percy Purvis in the justice court at Vale. In discharging Mrs. Zahora, Purvis declared there was not sufficient evidence to warrant charging her with the crime of having taken money from the Kreitz dwelling.

Both Mrs. Zahora and Mrs. Kreitz reported thefts some two weeks ago, Mrs. Zahora claiming \$40 had been taken and Mrs. Kreitz around \$210. The women first missed small sums, according to their reports, and later in the day found that second thefts had been committed, Mrs. Kreitz reporting the loss of a roll containing \$185 the second time. Shriffriff C. W. Glenn was summoned and the charge against Mrs. Zahora followed.

The women live in adjoining cottages at Adrian while their husbands are employed at Magoffin tunnel camp.

A previous dividend of 20 per cent had been paid, bringing the total to date to 30 per cent. At the time the bank closed two years ago, deposits approximated \$230,000.

Business men, the grange and commercial clubs have expressed opposition.

## SALES TAX GOES TO LEGISLATURE; STAPLES SERVES

TAX COMMISSION PRESENTS  
SALES AND INCOME TAX; STAPLES  
ON TAX COMMITTEE; DUN-  
CAN VOTES AGAINST SENATE  
ECONOMY BILL.

Moving rapidly for the opening of the special session of the Oregon legislature which convened Tuesday, members of the lower house introduced a sales tax and increased income tax, referred them to the committee on taxation and revenue, of which V. B. Staples of Malheur county is a member, and slated a public hearing. Both were drawn by the state tax commission.

The state grange, federation of labor and other organizations were expected to argue against the measure at today's session.

The sales tax bill would tax all sales to the consumer at the rate of two per cent. Estimated revenue is \$3,000,000 annually and would wipe out the proposed 2.9 mill state tax on property which according to the tax commission would provide \$2,975,837 for state purposes. The tax would go into effect in April and hold over until July 1, 1935.

The proposed income tax would raise the present rates from 1 to 5 per cent to 2 to 7 per cent and lower exemptions from \$2500 for married and \$1500 for single persons to \$2000 to \$1000.

## How They Vote?

The first economy bill introduced in the senate Tuesday by Senator Burke reducing the pay scale of senate employees 20 per cent below that of the 1931 session and disallowing claims for unearned overtime was defeated 16 to 14. Senator Corbett declared it an empty gesture.

## GRAND JURY FREES STACEY PROFIT OF MURDER CHARGE

JURORS FIND THAT SELF DEFENSE  
ACT DOES NOT WARRANT IN-  
DICTMENT; McIVOR IS INDICTED  
FOR ASSAULT.

Stacey F. Profit of Nyssa, 61, accused of first degree murder in connection with the fatal stabbing of Joe Charette, 31, former employe of Magoffin tunnel camp, at the Profit residence in the early morning of October 7, returned to his home in Nyssa last night a free man. He was completely vindicated of the charge when the grand jury returned a not true bill after Profit and his attorney R. D. Lytle established a clear showing of self defense.

Profit alleged that Charette was choking him beyond the point of endurance when he grabbed a butcher knife lying on a kitchen shelf and stabbed Charette in the abdomen. He also proved that Mrs. Profit's son Charlie Smith had been choked by Charette during the quarrel. Charette died of the knife wound the day following the tragedy.

Mr. Lytle argued that the facts did not warrant an indictment and the expense of trial which could only result in acquittal. The state's evidence was presented by Hugh L. Biggs, young attorney of Ontario who the previous day was sworn in as district attorney of Malheur county.

## McIvor Indicted
