ARE WE PATRIOTIC?

The past two weeks we have, or were supposed to have observed the birthdays of Lincoln and Washington. It is doubtful whether any of us observed these days as we should. This is obvious when we glance at the statue of Lincoln reposing in the corner of our study hall and find it adorned with a cap over one ear. Although this prank may cause amusement and do no harm, it is not a sign of patriotism. If some important personage should happen to enter the room, it would not create a favorable impression. It behooves us as young people, the future America, to seriously consider what patriotism really is—D. B.

STUDENTS WELCOME BAKER

Students are looking forward to the last big home game of the season with Baker here on Saturday night. The Nyssa Bulldogs were defeated at Baker but they will probably do much better on their home floor. The school is proud of the splendid record which our team has made.

ISLAND CAPTIVE

Earl Farmer was a captive at his island home last week as the river had frozen over but could not be crossed with safety. He lives with the M. W. Sullivan. Other students absent last week were Margaret Pinkerton and Keith Parkinson who had the flu.

WASHINGTON PROGRAM

The entire school celebrated Washington's birthday with a half holiday Wednesday and the grades had programs in the morning.

Juanita Graves, president of the Junior high, was master of ceremonies at the following program given by the 6th, 7th and 8th grades: Plantation chorus by 6th graders in darky costume with tap dance by Donald Wilson; paper, "The Life of Washington," and piano solo, Vivian Higby; reading, Ruth Planary; 7th grade play, "All Because He Couldn't Tell a Lie," given by Edward Boydell, Betty McHargue, Clarence Johnson, Paul Ayre; paper, "Social Life of Washington," Wilmetta Lynch; flag drill; 8th grade play, "Betsy Ross and the Flag," given by Josephine Brush, Isobel Sarazin; Frank Pierson, Ted Mazac, Robert Gehr; piano solos, Katherine Gilmore; reading, Eleanor Pashley; 8th grade play, "Signing of the Declaration of Independence," Robert and Lloyd Wilson, Warren Larsen, Alma Hendricks, Nellie Jean Schweizer, Katherine Gilmore, Edith Burns, Robert Gehr, Donald Boren; songs, Russell Patton and Robert Gehr; closing numbers.

How Old?

He doesn't look a day over fifty. And feels like forty.

At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative. Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way.

Holstein Milk

Health • Vigor • Vitality

Whenever you see bright-eyed, active youngsters brimming over with health and vitality it is certain they are receiving a plentiful supply of proper nourishment. Milk is the only single food product which contains all the nutritive elements necessary to promote health and growth. A liberal use of it strengthens the muscles and vitalizes the blood. There is no waste to it, and it is a very economical article of diet for the whole family.

It Makes the Youngsters Grow

Kiddies thrive on Holstein milk because it comes from large, vigorous, healthy cows and contains an abundance of nature's vitalizing and growth-producing elements. Its fat content is such as not to cause digestive disorders. It contains lime for strengthening the bones and teeth, its proteins build muscle and its vitamins produces growth.
