PEG O' MY HEART IS COMING SOON

HIGH SCHOOL WILL PRESENT COMEDY WITH APPEAL NEXT THURSDAY NIGHT.

Have you ever gone into a home where you felt you were not welcome, where you felt lonely and out of place, and were looked upon as a nobody?

Such is the case of poor little Peg (Ruth Wolfe) and her dog Michael, when by the wishes of her dead uncle, Nathaniel Kingsnorth, who had willed her a large amount of money, she goes to visit her aunt, Mrs. Chichester (Carloita Irwin).

Alaric, the son, (Keith Parkinson) just can't seem to take life seriously and is very much his mother's big man. The maid Bennett (Mary Munsterman) and the footman Jarvis (Ray Ashcraft) hardly know what to think of the whole thing.

Don't fail to see "Peg O' My Heart," a comedy of three acts presented by Nyssa High, May 4 at the Nyssa Library Theatre, Miss Clarice Johnson is director.—C. I.

PROJECT LOAN IS STEP NEARER "HAPPY" LANDING

\$5,000,000 LOAN FOR RECLAMATION GOES TO HOUSE AFTER APPROVAL BY SENATE; DANA RETURNS HOME.

The senate has adopted the amendment to the farm bill authorizing the Reconstruction Finance corporation loan of \$5,000,000 for the continuance of reclamation work and yesterday a letter from Marshall N. Dana of Portland advised that the amendment is scheduled for passage by the house this week.

Mr. Dana, delegate of the Owyhee and Vale districts who spent three weeks in Washington, reached Portland Tuesday. He reports a change for the better in the feeling toward reclamation. "All known opposition has been met by the showing that new projects are not now proposed, nor great federal expenditures to bring raw sagebrush land into production, nor any steps to increase the food surplus, but that the purpose is only to prevent violation of the government's own contract with districts and the settlers," he said.

Without the loan work would stop on the projects July 1. This would render many workers jobless and create severe distress among the settlers waiting for cheaper water with which to maintain their foothold on the land.

Mr. Dana told of another item in the farm bill which is of importance to Oregon and Idaho. It provides 40-year R. F. C. loans to refinance irrigation, drainage and levee districts. Under its provisions it would be possible to refinance state-aided projects that are meritorious.

The reclamation association, of which Mr. Dana is president, has taken a position in favor of the retention of Dr. Elwood Mead as commissioner of reclamation. This was presented personally to President Roosevelt and Secretary of the Interior Harold Ickes, who gave assurance that Dr. Mead will be retained.

While in Washington Mr. Dana called on all "known opposition" to the reclamation program. In every instance he found this attitude based on misinformation. "Hard work for reclamation has been done by Oregon's congressional delegation, Pierce, Martin, McNary and Steiwer, also by John Hendrick of Wyoming, Senator King of Utah, Earl Bunting, representative of Governor Ross of Idaho and W. D. B. Dodson, Washington representative of the Portland Chamber of Commerce," said Dana.

RELIEF COMMITTEE SETS \$1.50 WAGE

How to handle funds from the R. F. C. for unemployment relief was explained to the Malheur county committee by Ivan White, representative of the state committee, at a meeting yesterday in the office of R. D. Lytle, chairman at Vale. Mr. White did not know just what amount this county will be granted but he advised that the loan should be received for the start of work shortly after May 1.

The county committee set a wage of \$1.50 per day for relief work, \$1 to be paid in a requisition for supplies and 50 cents in cash. The local appropriation will be divided between the various communities on a basis of the unemployed registration in each.

The committee, meeting Friday and again yesterday, includes Judge David F. Graham, Commissioners E. H. Brumbach of Big Bend and Ora E. Clark of near Ontario, Clark Enos of Adrian, Mrs. Dick Tensen of Nyssa and Mr. Lytle.

SOFT BALL IS TWILIGHT SPORT

BUSINESS MEN WILL FIND RECREATION AT BASEBALL DIAMOND TWO NIGHTS PER WEEK.

If the tired business man of Nyssa seeks recreation, he will find it at the ball park twice each week, commencing Wednesday after the dinner hour when the inter-city "soft" ball series will get under way.

No spiked shoes, a large soft ball, small bats and a diamond not so far around will make the game safe and sane for all who care to play. Its sponsors are members of the school athletic committee and they believe a series of six weeks, longer if desired, will prove good sport. An award may be given at the close.

TRAIL GETS TEACHERAGE

Albert B. Hopkins, teacher at Oregon Trail school near town, has erected a two-room cottage for a teacherage on the school grounds. It may be purchased by the district later. Mr. and Mrs. Hopkins are living in their new residence.

Legion Write-up Pays Tribute to Don Graham, Nyssa Citizen-Veteran

Editor's Note: The Journal reprints the following article from the Citizen Veteran page of The Oregonian. It pays a deserving tribute to a Nyssa citizen "veteran" Don M. Graham who is not only active in Legion but all community endeavors.

It was an eventful visit that Donald M. Graham made to his birthplace in Glasgow, Scotland, from Oregon about the time the world was got under way.

Don is now of Nyssa post No. 79, American Legion, and has stacked up a record in departmental legion and civic activities comparable to his extraordinary military record.

It appears from the legion record that Don came to Malheur county as a boy of 14 years, and that while on his memorable visit to his old home war was declared. He enlisted in the artillery unit in Glasgow as a gunner in 1914.

During the second battle of Ypres his battery was surrounded and for several days its guns were back to back firing in two directions. His outfit was also on the receiving end of the first enemy tear gas attack.

On April 30, 1915, and again December 4, Don was wounded. In recognition of his valorous service he was subsequently awarded a citation from King George, another from General Weston, honor silver badge, Mons star, and a citation for meritorious service. He was discharged in Kinross, Scotland with the rank of warrant officer.

His legion service record includes: Adjutant and commander, Ontario post 67; service officer Nyssa post and district commander of the seventh district in 1931-32.

Now at the age of 40 Don is established in a real estate and insurance business. His name has become synonymous with civic and charitable enterprises.—Courtesy the Oregonian.

ODD ACCIDENT COSTS LIFE OF NEWCOMER HERE

CARL YOUNG SUCCUMBS AFTER AUTO CRASH ON NYSSA-PARMA HIGHWAY SATURDAY NIGHT; ALLEN SERIOUSLY HURT.

Carl Young, 47, prospector who came here recently from La Grande, was fatally injured and Arbon Allen, his companion, is at the Holy Rosary hospital with serious injuries as the result of an unusual accident which occurred near the Carl Pielstick ranch on the Nyssa-Parma highway Saturday night about 9 o'clock.

H. J. Sloane, well known Parma banker and rancher, was driving from Nyssa to Parma, when he was blinded by one glaring headlight on a car which was parked near the center of the road. He struck the open front door of Young's machine while the latter stood in the doorway. Sloane stopped in a moment and returned to the car. He found both Young and Allen lying in the road. He called Dr. J. J. Sarazin and the two men were rushed to the hospital. Young who had been injured internally and about the head died at 12:30.

An Idaho traffic officer investigated the accident and found that Sloane's front fender implanted a clear dent in the door of Young's car about 8 inches long. No other part of the two cars came in contact and the blow was so light that Young's car was not even pushed off the jack upon which it had been mounted for tire repair. The officer believes that Young was crushed by the door of his own car and that Allen was probably pushed into the Young car by the passing machine.

Allen sustained a fracture of the left thigh and broken left arm. Mrs. Goldie Bess of Nyssa is a sister of Mr. Young. Mrs. Ed. Copeland, who formerly lived on an island near here, is also a sister. They accompanied the body of their brother to their former home near La Grande where funeral services were held. They left Monday and are expected to return today.

Luck was with Mrs. Eddie Powell when she was in Boise Saturday evening with a party of friends. Laughing, Mrs. Powell said, "Let's see who will win the ring." She and her friends stepped inside and each received a ticket.

Mrs. Powell held the lucky number, one among several hundred that had been given out. She received a white gold ring set with a small diamond that is quite a treasure.

TRUCKS CRASH IN OWYHEE BRIDGES; WILL BE REBUILT

Proving to be the "straw that broke the camel's back," a heavily loaded truck crashed through the old bridge across the Owyhee ditch near the Charles Marshall ranch Tuesday and now traffic is being routed around to the bridge two miles above which also suffered a serious fracture, believed to have been caused by the same truck. The bridges were on the county roads running into the Owyhee community. The upper bridge has been temporarily repaired with timbers.

J. Edwin Johnson, county engineer, was here yesterday to view the damage. Lumber has been ordered. The lower bridge will be entirely rebuilt and the upper one repaired. Ranchers will also be requested not to overload their trucks.

WALTERS WINS INTERIOR POST

APPOINTMENT OF CALDWELL MAN TO LITTLE CABINET IS WELCOMED HERE.

President Roosevelt has appointed Theodore A. Walters, attorney of Caldwell, first assistant to Harold Ickes, secretary of the interior. The appointment is welcomed throughout this section as Mr. Walters is considered almost a local man and is well acquainted with the problems of reclamation in particular.

Mr. Walters will have charge of reclamation, Indian bureau and geological survey, for the secretary of the interior, and he may also have under his jurisdiction the bureau of roads and the forest service, said a dispatch from Washington Monday.

The office pays \$9000 a year, less a 15 per cent cut, and puts the Caldwell man in what is known as the "little cabinet."

TERTELING CREW COMPLETE FIRST LINK OF CANAL

CONTRACTOR COMPLETES CONSTRUCTION OF 4.6 MILES OF NORTH CANAL; MAGOFFIN NEARS FINISH.

The J. A. Terteling company of Boise has completed the construction of the first link of the North canal on the Owyhee irrigation project, a section 4.6 miles in length between Tunnel Canyon and the Owyhee river which cost approximately \$133,450.

The great ditch is 24 feet wide at the bottom and as much as 150 feet across where it makes a deep cut along a chalk-like hill between Snively and the Owyhee river. In the cut it is about 40 feet deep. It will carry 1190 second feet of water for the entire Mitchell butte division.

Terteling has had two shovels at work during the past several months. His crew made their headquarters at Shea Tunnel Camp, the scene of much activity until the completion of the Shea tunnels in 1932. Terteling sublet the concrete work in his contract to John Klug, whose work is also nearing completion.

Shea camp will soon be deserted as the small Shea crew which has been supplying gravel for the lining of Magoffin tunnel will be leaving soon. Magoffin will complete tunnel lining this spring.

When the loan fund is passed for this year's Owyhee appropriation, new work will be advertised and contracts let. Frank T. Morgan, secretary of the district, stated recently that the full \$1,900,000 for 1933 will carry the canal to the Owyhee river, build the siphon and carry the canal to the Ontario-Nyssa ditch, thus affording the first substantial relief to the settlers under the pumping districts.

NYSSA THEFT CASE BEFORE JURY TODAY

John Harrington, transient, accused of stealing two pair of pants from the Caldwell store several weeks ago, will be tried at Vale today. Harrington acted as his own attorney when he pleaded not guilty at his preliminary hearing in Nyssa and he informed the court last week that he wished a change of venue and would act as his own attorney again. The court denied his plea, however, and E. Otis Smith was appointed his counsel.

Chas. M. Caldwell and Miss Margaret Hunt, clerk in his store, went to Vale today to appear as witnesses for the state.

Jess and Charles Bogart of near Huntington were charged with the larceny of a steer. The former plead guilty and was sentenced to one year in the penitentiary. Charles plead not guilty, his case coming before the jury yesterday and today.

Tuesday the jury returned a verdict in favor of Ford in the case of Rutherford vs. Ford over a labor lien. The Malheur County bank was interested in a case tried on Monday in regard to mortgaged property. The judge took the case under advisement.

Tom Coward is serving on the jury.
