Friends Of The Church

We know you are interested in the church. It matters a great deal to you whether the church continues to be a living force in the community or not. You appreciate the things for which it stands. You would not like to live in this community or any other where there was no church influence.

We are endeavoring to make all the services of the church as interesting and helpful as possible. We want everybody to feel welcome and enjoy the Christian fellowship and the privilege of worship. We will appreciate any suggestions that may add interest to our program of services or that will help us in making the services of the church more attractive and helpful. We are always glad to have constructive criticism.

If you are a child of God, why not join us in our program of Christian service to the community? We do not claim to be perfect. We will make many mistakes, strive as we will to avoid them. But "Forgetting those things which are behind and reaching forth unto those things which are before, we press toward the mark for prize of the high calling of God in Christ Jesus."

In the name of Jesus I am calling upon all the Christians of our community to join their strength with ours in the up-building of His kingdom and in the advancement of the Christian cause.

We have been marking time. But we can still win. Let us brave up, take new courage and fix our eyes on the goal, then run with all our might. How? By being present at Sunday school every Sunday on time and with a studied lesson. By attending every service of the church from now on to the end of the year. By offering ourselves for Christian service and tackling with all our might any job that may be assigned to us; by praying daily for the pastor, the church officials and all that are holding places of responsibility in the work; by praying for a re-baptism on the part of the whole church of God's Holy Spirit which will result in a great revival.

Trusting that you will recognize the importance of this request and wishing you success and the blessing of God in your continuance of the race until you have attained a record of which you will be proud, I remain,

Sincerely,
FLOYD E. WHITE
