BUFFETS SAY "HAPPY DAYS!"

WHEN THE STEIN'S ON THE TABLE—The proper cheese is bound to be there with it!

For beer and cheese—the buffet supper in all its glory—are classic and inseparable food combinations.

The very thought of the smooth and amber-flowing liquid conjures up in the masculine breast thoughts of generous slices of nut-sweet Swiss cheese, scoopful of pungent Old English, wedges of ruddy American. From free lunch to political caucus, the joys of the foaming stein and the buffet supper are endeared to memory the world 'round.

Americans will have to learn the joys of the proper thirst-inducing, appetite-satisfying cheeses which properly belong with the foaming beverage, according to the educational department of the Kraft-Phoenix Cheese Corporation. There are more than 400 different varieties of cheese—and all of them will enjoy renewed popularity now that buffet suppers are the thing, according to the cheese company.

Swiss, full-flavored American, Limburger, sharp and ruddy Old English—these are some of the cheeses which are expected to enjoy unparalleled popularity on the buffet tables of the nation now that beer is back.
