

Jordan Valley Youth Is Wed At Vest Home

Miss Peggy Vest, of Eugene, became the bride of Curtis C. Jones of Jordan Valley at a pretty wedding solemnized

Sunday evening at the country home of Mrs. Robert Vest and Mrs. Grover Vest, aunts of the bride. The ring ceremony was used with the Rev. Floyd E. White, Nyssa pastor, officiating. The ceremony was performed under the locust trees in full bloom. Mrs. Robert Vest and Dr. W. W. Jones, of Jordan Valley, father of the groom, were attendants. Immediately after the ceremony, a wedding supper was served. Among the guests was Mrs. Louis Acmenaga of Boise, sister of the groom.

After a visit in Boise, Mr. and Mrs. Jones will return to Eugene where they will make their home. Both are graduates of the University of Oregon.

Ray Garrison Is Fair Bound With College Farmers

Mr. and Mrs. Charles Garrison entertained nineteen students and two professors from Oregon State college at dinner Thursday night and breakfast the following morning. Their guests had earned sufficient money from a corn-raising project at the college to finance a trip to the world's fair and they were Chicago bound. Ray Garrison, son of the hosts, was a member of the corn club and from Nyssa accompanied the party when they left for the east Friday morning.

The corn growers are traveling by bus and will visit a number of eastern colleges en route.

Mr. and Mrs. Russell McKennon of Ontario and Kenneth McNail were also guests at the dinner.

Three men not in the picture, Ray Garrison, Nyssa; Keith Chamberlain, Mosier, and Wilbur Travis, Roseburg, are also making the trip.

OREGON STATE COLLEGE, Corvallis, June—Earning their way in advance by means of a student farm project, a group of students in agricultural engineering from here are now enroute with two faculty members on a month-long bus trip which will take them to a national convention of agricultural engineers and to the world's fair for engineering week late in June.

Conceiving the idea of such a trip a year ago, the students rented a

30-acre young walnut orchard and interplanted it with field corn. They tended the corn till school was out and then hired it cultivated through the summer, returning in the fall to harvest an excellent crop on which they cleared \$300. To this was added various donations mostly from farm equipment companies which totaled enough to finance the trip with only about a \$10 contribution from each man making the tour.
