\$1000 A DAY

The generosity of a Pendleton farmer who "cast his bread upon the waters" during the filming of Paramount's "Golden Harvest" netted him a profit of \$3,000.

The Charles R. Rogers' Paramount troupe filming "Golden Harvest" which comes Sunday, Monday, Tuesday to the Liberty Theatre, there secured twenty-five carloads of wheat for scenes near a grain elevator showing Richard Arlen, Chester Morris and Roscoe Ates leading a farm riot.

The contents of the cars were loaned without any charge. During the days the train was used by Director Ralph Murphy, the price of grain soared eight cents a bushel, netting the farmer exactly \$3,000 profit on his unsold cargo of 37,500 bushels.

NYSSA AND ONTARIO BOYS ARE RACERS

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may keep you constipated as long as you keep on using it.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. A. A.
