EDDIE CANTOR IN SUNDAY MOVIE HERE

Although Eddiel Cantor and Charlotte Greenwood were leading stars of the musical comedy stage for several years, it remained for the screen to bring them together.

Cantor is the star and Miss Greenwood the comedienne of Goldwyn's production, "Palmy Days," at the Liberty theatre in Nyssa Sunday-Monday. More than once Miss Greenwood had the privilege of seeing her name in lights across the street from the theatre in which Eddie Cantor was starring in their Broadway days. Like Eddie, however, she heeded the call of Hollywood and is now gaining a newer and wider fame.

NOTICE OF FARM ALLOTMENTS

AND OF MAXIMUM ACREAGES OF WHEAT FOR 1934 UNDER CONTRACTS FOR MEMBERS OF THE WHEAT.

THE WHEAT PRODUCTION CONTROL ASSOCIATION OF MALHEUR COUNTY, STATE OF OREGON.

Listed below are statements of the allotments which have been determined for members of the Malheur County Wheat Production Control Association.

These allotments are to hold for the duration of the present wheat contracts, and they are the basis upon which adjustment payments are to be made. They have been determined by the County Allotment Committee after careful consideration of the application statements. Every effort has been made to have these allotments as accurate as possible. The maximum acreage which may be sown to wheat for the 1934 crop on each farm, under the reduction requirements of the contract, is also listed.

The Malheur County allotment which has been calculated from records of the United States Department of Agriculture, is 195,301 bushels. This is the total number of bushels allotted to the county under the wheat plan. The total of the individual allotments, including those allotments which could have been assigned to farms which are not participating under the wheat program, must be in line with the county allotment figure. The number of non-participating wheat farmers in the county is 371.

In listing the information below, "acres" means acres in farm; "allotment" means the individual wheat allotment for the farm; "maximum acres" means the maximum acreage of wheat which can be sown on the farm

for the 1934 crop, under the contract.
