FREE AIR

Howdy Folks—We want to make this week's ad a real genuine well wishing Merry Christmas greeting to you all. Many fine phrases could be injected here. Many expressions used as a matter of form, but flowery language is not in our line so we will just wish you one and all a good old fashioned Merry Christmas and we mean it.

A Lil' Pome Christmas time will soon be here. We can't afford a tree. So we'll just trim grandpa's beard and shout prosperity.

CHRISTMAS is the day your wife gives you a present you don't want, bought with money you do want.

We know a stenog who thinks hardening of the arteries is laying concrete on the highways.

LIBRARY FETE
BIG SUCCESS

NYSSA CIVIC CLUB MAKES BUDGET FOR TOWN LIBRARY WITH ENTERTAINMENT LAST FRIDAY NIGHT.

A laugh from start to finish was the skit, "Comical Country Cousins," given by a cast of ten at the Library Jubilee, sponsored by the Nyssa civic club, Friday night.

Rivaling the famous actress May Robson was Cousin Ophelia, Mrs. Will Beam. Supporting her were the other funny cousins, under their bustles and bonnets of a forgotten day. Mrs. Ray Emmott, resplendent in Mrs. Fred Marshall's wedding gown of 1883, Mrs. Howard Larsen, Mrs. Ted Newell and Mrs. Glenn Frizzell, the three old maids. Mrs. Dick Tensen, who could "organ like a queen and piano like she could organ;" Mrs. McCoy, old but spry; Mrs. Wm. Schireman, Sis Hopkins, who possessed a beau "Billious;" Mrs. Frank Morgan, Mammy; and Billie Louise Glasgow, the singing pickaninny, completed the cast.

A darky skit was nicely presented by Sue Keizer, Charlene Crawford and Mrs. Hershel Thompson.

The Auxiliary quarter, consisting of Mrs. Hollenberg, Mrs. Don Graham, Mrs. Larsen and Mrs. McCoy made its first appearance by rendering a beautiful selection. Mrs. F. W. Osterkamp is pianist.

Bidding for Christmas packages at the auction, conducted by Frank Morgan and Mrs. Beam, was keen. So keen, that 25-cent packages sold as high as 75 cents for additional library benefit. Over \$19 was made on the auction alone, so Mrs. O. G. Boden, chairman, says the library jubilee was a success. Girl Scouts helped by conducting a fish pond and selling popcorn balls. Refreshments and dancing closed the evening.

Famous Chemist Once Victimized by Quack

The great English chemist Joseph Priestly, discoverer of oxygen, was victimized about 1795 by a quack who claimed to be able to cure his daughter Sarah of tuberculosis. Like many other famous and intelligent men when a loved one was in danger, Priestly seemed to lose his keen analytical judgment and placed his daughter in the charlatan's hands.

The quack claimed the disease had progressed so far that "to place the smallest reliance on medicine would be to encourage a fatal delusion." His program alone, he claimed, would be effective in curbing the disease. So Sarah was installed in a cowhouse in company with cows for nearly six months, and lived on a small platform raised only a few inches above the dirt floor. The only furniture was a table, a chair and a bed, the cordage of which soon began to rot in that atmosphere.

"The genial warmth relieved oppression on the chest, took off restlessness, and produced a feeling the lady described by comparing it to nourish-

ment conveyed through the pores of the skin. After the first night the air was, to use her expression, "balsamic." In the light of our present knowledge it seems remarkable that she survived the treatment, but she did.

It is not so remarkable, however, that her father permitted her to undergo such a weird treatment, points out the National Tuberculosis Association. Nothing whatever was known about tuberculosis in those days except the symptoms, so grief stricken families grasped at any straw of hope once the dread verdict of "consumption" had been pronounced its cause was not discovered until nearly a hundred years later (1882).

Today such quackery is difficult. The 2,084 affiliated tuberculosis associations throughout the United States, financed by Christmas Seals, have spread the knowledge that there is no medicine that will cure tuberculosis. The only known method of cure is a regime of absolute rest in bed, fresh air and sunshine, and good food, under the direction of a reputable physician.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.
