

BASEMENT GETS SPRING CLEANING

Improvements have been made in the basement of the Nyssa Community church volunteers completing the work in time for the Father and Son banquet Monday night. Pillars were covered with paneling and painted green and cream. Woodwork was painted. New tables were built for banquet room and kitchen. Other improvements will be made as rapidly as finances permit according to W. W. Foster who had charge of the work.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless use of strong laxatives may do more harm than good.

Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go! Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

TIE DOGS DURING NESTING SEASON

The nesting season for game birds is near at hand. Owners of dogs are reminded by the game commission that it is best to keep dogs tied up or locked up until after the nesting season. A hunting dog, with the natural instinct of its kind, will find many nests which it will destroy or molest to such an extent the mother bird will not return to her nest.

In addition to greatly reducing the number of game bird hatches, dogs running loose are harmed for hunting use.

Now! Ease Sore Throat Instantly!

- Crush and dissolve 3 Bayer Aspirin Tablets in half a glass of water.
- GARGLE thoroughly—throw your head way back, allowing a little to trickle down your throat.
- Repeat gargle and do not rinse mouth, allow gargle to remain on membranes of the throat for prolonged effect.

Remember: Only Medicine Helps Sore Throat

Modern medical science now throws an entirely new light on sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes!

It requires medicine—like BAYER ASPIRIN—to do these things! That is why throat specialists throughout America are prescribing this BAYER gargle in place of old-time ways.

Be careful, however, that you get real BAYER Aspirin for this purpose. For they dissolve completely enough to gargle without leaving irritating particles.
