

Aviation Field Is Proposed At Legion Social

To provide a change in menu, Legionaire cooks served the supper for the Auxiliary at the close of the joint meeting Thursday night at the Parish hall. Apple pie a la mode was served.

Addressing the Legionaires, Louis P. Thomas, visitor from Oakland, urged that Nyssa put in an airport such as those that have been established at

A TRIO OF ENCHANTING PERFUMES

to keep pace with
the racing hours!

No one dress is correct for all occasions. Not any one fragrance... The clever woman of today chooses her perfumes as she chooses her costumes—to express the spirit of the hour!

It is for her that the makers of OUTDOOR GIRL have created three enchanting new odors, scientifically blended to match the three major moods of the day.

"Dawn" is the scent-harmony of early morning... a veritable bouquet of Spring itself, coaxed from the rarest flowers. "Noon" complements the spirit of sports... a blithe fragrance, slightly more pronounced in odor. "Night" breathes the magic and mystery of star-studded skies... a seductive extract in perfect key with the feminine mood of romance.

Dawn, Noon and Night are available in three different sizes at leading drug, department and chain stores. If your dealer cannot supply you with all three of the new OUTDOOR GIRL odors, mail the coupon.

ABRAMS SCORES LICENSE SET-UP

Abolishment of the compulsory drivers license examination now required by law of all motorists, consolidation of that department with the motor vehicle division, and transfer to the state police of all enforcement duties in connection with the drivers license department were reforms advocated by Carle Abrams, candidate for Secretary of State, in a speech at Bend Wednesday.

Abrams declared, "... that the expensive set-up of this department was originally organized as a part of an experimental safety campaign, yet when statistics revealed its failure to curb accidents, the last legislature virtually transformed it into a revenue raising department but it still continued to maintain its expensive administrative program at a cost of about \$75,000 per year."

Abrams further declared, "That any revenue gathering agency that absorbed nearly half of the money it collected to administer its own expenses was fundamentally wrong and should be done away with. Such as checking drivers licenses, eliminating the unfit, and allied functions are natural duties of the state police and I propose to put them there. Maintenance of a force by the secretary of state to perform such duties is duplication of services."

HOUSE BURNS IN APPLE VALLEY

The home of Mrs. Marie Thompson of Apple Valley was destroyed by fire Monday morning. She had started a fire with kerosene as the chimney was clogged with soot. Sparks on the roof started the blaze. Before help could be secured the house and its contents were a total loss. Mrs. Thompson lived with her aged mother.

Holstein Milk

Health - Vigor - Vitality

Whenever you see bright-eyed, active youngsters brimming over with health and vitality it is certain they are receiving a plentiful supply of proper nourishment. Milk is the only single food product which contains all the nutritive elements necessary to promote health and growth. A liberal use of it strengthens the muscles and vitalizes the blood. There is no waste to it, and it is a very economical article of diet for the whole family.

It Makes the Youngsters Grow

Kiddies thrive on Holstein milk because it comes from large, vigorous, healthy cows and contains an abundance of nature's vitalizing and growth-producing elements. Its fat content is such as not to cause digestive disorders. It contains lime for strengthening the bones and teeth, its proteins build muscle and its vitamins produces growth.

Holstein milk is produced for this city under strict sanitary inspection standards. It comes from healthy Holstein cattle and it reaches you through dependable distributing channels.
