I-O-N LINK NEAR McDERMITT NOW NEAR COMPLETION

Newell Construction Company is making good progress on the grading of 22 miles of the I-O-N highway from McDermitt north toward Rome, said Archie Howell of Nyssa who returned from McDermitt this week. About 171/2 miles of new road has been built. Nevada has completed the I-O-N to the Oregon

When the rough, unfinished link between Jordan Valley and Rome will be built is the question that confronts this county although the highway commission agreed last year to build the road between Jordan and McDermitt as soon as funds became available.

In McDermitt Howell met Mr and Mrs. Louis P. Thomas of Oakland, Cal. who returned via the I-O-N in spite of the washed out places in the road which resulted from recent rains. Howell and Thomas discovered during a visit that they were former "buddles" at the Mare Island marine base during war days.
