Attention

DO YOU WISH TO BECOME A SOCIAL OUTCAST?

Do you want the Business and Professional men of your community to lose confidence in you?

Do you want to keep your good name and maintain that priceless asset, which is your good credit rating in your County Credit Board?

Now, if you want to keep your good credit rating START AT ONCE to try and pay or part pay on your past due accounts.

REMEMBER your merchant is doing your banking for you through these trying times and is not charging you any interest on the money he is loaning you. So be fair to him, help him meet his own personal obligations, as he has to pay once a month for the merchandise he is loaning you.

So you can readily see when he carries your account over 30 days he starts paying interest on the money he is loaning you and your account with him turns into liability instead of an asset. In order to maintain your good credit rating START PAYING on your past due accounts at once.

REMEMBER lose your credit and you lose something you may never regain.
