This feature has proved its popularity in all Race Meets throughout the State. The Ontario races will offer this community its first chance to enjoy the sport and learn the operation of the legalized system of betting and payoff.

PLOWSHARES FOR SWORDS
In speaking of the last days, Isaiah 2:4 says, "They shall beat their swords into plowshares, and their spears into pruning hooks; nations shall not lift up a sword against nation, neither shall they learn war any more." In direct contrast to this, we find the proclamation in Joel 3:9, 10 to "Prepare war, wake up the mighty men, let all the men of war draw near; let them come up; Beat your plowshares into swords and your pruning hooks into spears: let the weak say, I am strong." And it is clear that this text, also, refers to the last days, but apparently says just the opposite of the one in Isaiah.

There is really no contradiction at all. Isaiah 2:3 states the peace cry is what "many people shall go and say" while the text in Joel is a prophecy of what will actually take place in the last days.

Ever since the World War we have heard continually of peace conferences, peace pacts, disarmament conferences, etc., and at the same time every nation or globe is either secretly or openly preparing for war-a war which, if let run its course, would ultimately wipe out our civilization. Weak nations which have heretofore given us little concern are stepping to the front and saying "I am strong." The efforts of the most brilliant statesman can never bring lasting world peace. The situation is too complicated for men. War is inevitable. But, thank God, Christ is to come before it is over, and peace will finally reign supreme.-U. B. Wise.

Fire Destroys \$600 Haystack On Hall Ranch

After burning weeds Sunday, Frank D. Hall left his hay field, believing the fire entirely out. Wind must have fanned small sparks into a second blaze for when he returned a stack of new hay containing around 85 tons had burned to the ground. The loss is estimated at \$600 as the hay was not covered by insurance.

Fire of unknown origin destroyed around 1400 tons of hay on the Rex Marquis ranch near Vale on Monday. The fire is said to have started in the top of the stack.

OREGON STATE FAIR OPENS SEPTEMBER 3

Who is the most highly paid entertainer at the Oregon State Fair? Some folks might guess the bronc rider. They would be right.

But hold tight, everyone, for this bronc rider. His rate of pay is a mere \$86,000.00 a year on an eight-hour daily basis.

No joking, the State Fair bronc riders are under contract from September 3 to 9 at the rate of \$144,000 per eight hours daily, with just that for the closing day.

Of course there's a catch-the rider is employed for 10 second only per day on the State Fair rodeo program. Catch No 2 is that there's no pay for the rider who fails to stick the full working day-10 seconds. He just tries again tomorrow. No wonder the show's so thrilling.

And what, bright little boys and girls, do you figure these bronc riders are paid?

1914 CADILAC WILL TAKE LAST RIDE TO FAIR

Charlie Burns of Jordan Valley attracted no little attention when he motored into town recently in a Cadillac which was "right onto 21 years old," a 1914 model which has been driven over 400,000 miles. He had driven it to Halfway to get some parts from another "old sister" as he is getting ready for a trip to the world's fair.

He says he has been promised a brand new car for his funny old Cadillac, perhaps one of the oldest in the entire country. He says the company will trade even up. He tanked up at Powell Service Station.
