Why
Liquid Laxatives
are Back in Favor

The public is fast returning to the use
of liquid laxatives. People have
learned that the right dose of a
properly prepared liquid laxative will
bring a more natural movement with-
out any discomfort at the time, or
after.

The dose of a liquid laxative can be
varied to suit the needs of the in-
dividual. The action can thus be
regulated. A child is easily given the
right dose. And mild liquid laxatives
do not irritate the kidneys.

Doctors are generally agreed that
senna is a natural laxative. It does
not drain the system like the cathar-
tics that leave you so thirsty. Dr.
Caldwell's Syrup Pepsin is a liquid
laxative which relies on senna for its
laxative action. It gently helps the
average person's constipated bowels
until nature restores their regularity.

You can always get Dr. Caldwell's
Syrup Pepsin at any drug store, ready
for use.

George Markham installed new win-
dows at the schoolhouse Monday.
