**Malheur County Republican Central  
Committee**

TO THE VOTERS OF MALHEUR COUNTY:

The Malheur County Republican Central Committee has endorsed and recommends our National, State and County Candidates one hundred per cent. We feel favored in having as good a State and County Ticket as we have this year. To some of you who may not know all of the candidates we wish to call your attention to a few facts.

**JOE DUNNE**, Republican Candidate for Governor, is a self-made man. He started his business career at the age of nine selling papers in Chicago to help his widowed mother to support the family, and has fought his way up to success in business and to a statewide reputation as an able legislator. Seldom in history have we been disappointed in a man with such a background. We should remember that ninety per cent of a Governor's job is spending your and my money. Generally a man with such a training gives us much better results than the man who has always spent someone else's money.

**JAY UPTON**, for Congressman, is a Spanish War Veteran, and in the prime of life. When elected to Congress he should give us twenty to thirty years of good service. He is a clean-living, energetic, successful lawyer and business man, and the most persistent champion of the cause of irrigation during all his membership of the legislature, and the efficient chairman of committees of both the House of Representatives and State Senate on Irrigation. He has been elected to the Legislature six times and the last three without opposition, that is what the people think of him in his own district, and has demonstrated many times that he is a friend of Eastern Oregon and that he is Congressional timber, and we have never heard his honesty questioned. He, like Joe Dunne, is a self-made man.

**EARL SNELL** of Arlington is our candidate for Secretary of State. In his business, in the legislature and as Speaker of the House, his ability, character and integrity have been outstanding. The administration of the office will be safe in his hands. He is our only chance to have a representative of Eastern Oregon on the State Board of Control, and representation on this Board is of great importance to our section of the State. Earl Snell is our friend. Let us show by our votes that we have faith in him.

While **JUDGE W. W. WOOD** is a candidate for re-election on the non-partisan ballot, yet he is well known to be a consistent Republican. He endorses the entire ticket and re-commends its election.

**C. M. CRANDALL** for Prosecuting Attorney. In the short time he has been in office he has shown that he is a splendid prosecutor, and is not a persecutor, as sometimes happens. There have been several cases brought before Mr. Crandall which he investigated thoroughly and dismissed and thereby saved the taxpayers quite a lot of money. Mr. Crandall does not seem to be looking for notoriety at taxpayers' expense, and we know him to be fair and honorable.

**VIRGIL STAPLES** is well and favorably known to nearly everyone in the County, having lived here thirty-five years. He is a retired, successful business man, and is one of the few men in the County who are qualified to do this job and can afford to do so, since our legislators draw only \$3.00 per day. Mr. Staples also is a self-made man. The least we can do is to show our appreciation in November.

**ORA CLARK**, for County Commissioner, is a successful farmer and has served one term favorably and conscientiously. If you think he has made mistakes, we assure you that they were honest ones. He has a thorough understanding of his job. The figures and problems a County Commission has to deal with are larger and more complex than many of us realize, and we have had commissioners in the past who never seemed to grasp them, and they seemed to be over their heads. It could happen again. Those of us who have had an opportunity to come in contact with his work as commissioner are supporting him, not only because he is our party candidate, but because we feel he is the man to protect our interests as taxpayers.

We have faith in our party and in Republican principles. It is time to return to the support of the party. If the party is wrong it has been wrong for the past seventy-five years. This is hard to believe when we review the wonderful advancement the United States has made in the past three-quarters of a century and then recall that during about eighty per cent of this time the Republican party has been in power.

Respectfully,  
MALHEUR COUNTY REPUBLICAN CENTRAL COMMITTEE

**DEFEAT  
THE HEALING ARTS  
CONSTITUTIONAL  
AMENDMENT!  
VOTE 305 X NO**

Every person in Oregon is vitally concerned in the proposed "Healing Arts Constitutional Amendment" which will be on the ballot at the general election November 6.

Under the fictitious claim of preventing "MEDICAL MONOPOLY," this vicious Healing Arts Constitutional Amendment is proposed by healing "cultists" and others having selfish interests, in order to destroy the effects of the Basic Science Law passed by the last Oregon legislature. It also is designed to destroy the high standards maintained by our Oregon hospitals, and to rob the State Industrial Accident Commission of its power to properly administer the ever efficient Workmen's Compensation Act.

This Amendment is a direct attack against Oregon's enviable health standards and low rate of mortality. It challenges the self respect and common sense of every person who has the welfare of this state at heart.

Every voter in Oregon should make it his or her business to appear at the polls on election day and vote "NO" against the Healing Arts Constitutional Amendment.
