EDITORIAL

For the past several years Nyssa High School has published a school paper in one manner or another. The first paper was started in 1929 when the Junior Class conceived the idea of a school paper. They elected a staff and put

out a small semi-monthly paper called "Hi Times." The other classes soon became interested and joined in. For the next two years the paper was published under the same name. In 1932 the name was changed to the "Periscope," last year the paper was called "The Orange and Back Leader" and became more of a school magazine.

Not many students realize the amount of work it takes to get out a paper. For the last few years it has been difficult to keep the students interested. There has always been a few who go ahead and do their part but there have been some who shirked and failed to do their part. It must be remembered that to have a successful paper every person must do his part.

Now this year a different plan will be tried. Because of lack of finances and equipment the school is not going to put out a paper but will have a section for High School News in the Gate City Journal. To keep up the interest each class will be responsible for getting the material for the paper for a certain period of time and then see which class has done the best.

Let the students of each class get behind this idea and make it something we may be proud of.

PLAY CAST SELECTED

The cast for the first student body play, "The Yellow Shadows," was selected last week and is as follows: Helen Pond, Grover White, Betty Cook, Dorothy Lowe, Vera Garrison, Roland Whitman, Curtis Foster, Raymond Holly, Flora Wimp, and Max Parkinson.

The play is a three act mystery comedy by Clark Willard, and is being directed by Mrs. Haworth.

Date of presentation has not yet been selected.

OLD RIVALS WILL MEET

Monday, November 12, will see two old rivals meet in their annual football clash, the Nyssa Bulldogs and Ontario Tigers. The game will be played on the Nyssa field Monday afternoon. Both teams are rated good and a real thrill is in store for all who attend.

MR. YOUNG'S AVOCATION

The gym, which is being used as the high school at present, is swarming with sparrows. Mr. Young, the crack-shot, has been trying to rid us of these flying pests, which are just as thick as ever. These birds seem to be perfectly contented with their environment, because crumbs are left from the lunches and there is always a little water left in the fountain.

GIRLS ATHLETICS

Girls Athletic Association has been organized. Any girl is eligible to become a member when she has earned ten points under the Oregon Point System, providing she takes an active in-

terest in the club after she is a member.

The Oregon Point System which was introduced in the Nyssa high school last year, gives ten points for the following sports: basketball, folk and clog dancing, hiking, physical examination, tumbling, volley ball, baseball. Five points are given for Play Day participation and horseshoes.

There are four awards which can be

earned by a G.A.A. member. Awards are given for 50 points, 100 points, and 150 points.

Meetings of the club are held on the first Tuesday of every month.

So far during the year the girls have taken some interest in hikes, learned a few clogging steps and some old time dances. They will start working on tumbling soon.
