

Nyssa School News

SCHOOL SPIRIT

School spirit—what is it? The most common definition is to have pride and interest in your school and its activities. That definition seems to have been forgotten by a majority in Nyssa high school. It still isn't too late to change and join the group that does have pride in the schools scholastic standing and in the school building, and does take an interest in the school's activities—School spirit.

Every school affair, whether it is studies, sports, plays, meetings, or parties, needs the support of every student to make it a success. Each student wants to have his last semester in the year a success, so why not make it your aim to attain school spirit, and thereby, make the various functions of Nyssa High school a success.

Fred Koopman has presented four nice pictures to the school. Both students and faculty appreciate this very much.

The basketball warm-ups, which have been so anxiously awaited, finally arrived this week. They are all wool in blue and white, the same color as the suits. The boys initiate the warm-ups when they play Vale here Friday.

The Lettermen's club will take charge of the Student Body meeting which will be held Friday. The club is also maintaining good order at school. The lettermen punish anyone caught causing disturbance such as throwing chalk or running in the halls.

Jack Walters completed his required credits for graduation at the close of the first semester. He will receive his diploma with the graduating class in May.

Bela Sager, junior, has moved to Caldwell and has enrolled in the high school there. He will be missed both in school and in athletics.

Table Manners

Mrs. Haworth: "Do we eat the flesh of a whale?"
Bruce: "Yes, Ma'am."
Mrs. H.: "And what do we do with the bones?"
Bruce: "We leave them on the side of our plates."

Laugh Proof
"Laugh that off," said Mrs. Hollenberg, as she sewed Mr. Hollenberg's vest button on with a wire.

Perhaps.
Miss Denny: (to class) "Everything I say to you goes in one ear and comes out the other."

New Kidneys

If you could trade your neglected, tired and aching kidneys for new ones, you would automatically get rid of Night Rising, Nervousness, Headaches, Rheumatism, Burning, Itching and Acidity. To correct functional kidney disorders try the guaranteed Doctor's special prescription called CISTEK (Sine-tex). Most fix you up in 6 days or money back. At all Druggists.

Frank: "Is that why we have two ears, teacher?"

Shrewd

Mrs. H.: "Who discovered America Robert?"

Mrs. H.: "No. Columbus did it."

Robert: "Yes'm. Columbus was his first name."

BASKETBALL TIPOFFS

As seen from the sidelines

by JOURNAL SPORTS EDITOR

One of the critical tests of the season will be Friday night when the locals play with Vale on the local floor. Last Friday night the Vale boys defeated the locals by a close score and Nyssa is all set to reverse things this Friday. Vale has won from several good teams and unless Nyssa can stop them Friday, Vale has a good chance to win the title this year.

For the first three quarters in the game Saturday night with Weiser, Nyssa had things all their own way. However in the final quarter, they lost their magic and almost lost the game. Steadily point by point Weiser came up until only five points separated the two teams when the final whistle blew. Boys who saw action in the game Saturday night were Pearson, Sager, Cook, Johnston, Spencer, Wilson and Montgomery.

Parma had a setback Friday night when they lost to Fruitland, 28 to 29. Saturday night the Parma boys humbled the Nampa team by a score of 28 to 8. Nyssa has defeated both Fruitland and Parma. Payette suffered another setback Saturday evening when Emmett won 29 to 27. One noticeable fact about the basketball scores this winter is the closeness. In practically all of the games the difference between the victory and defeat is a matter of only two or three points, indicating that most of the teams are very closely matched. For that reason it is very important that players stay in condition for if one or two players are not quite in the pink; it means the difference between victory and defeat for the team.

A fine, lustrous enamel—for furniture and interior woodwork. Wear-resisting. Can be washed again and again. Wide color choice.

IRONSIDE GETS 7 INCHES OF SNOW SATURDAY NIGHT

Ironside—The farmers are rejoicing over the recent snowfall of seven inches which fell last Saturday night. Cold weather has prevailed in this community the past week, with the thermometer going down to zero several times.

Mrs. W. R. Lofton, who has been quite ill for some time was taken to Ontario where she entered the hospital.

Carl Vincent of Hood River arrived here on the Monday stage and will visit at the DeRoe home for the next few months.

The men of the community, with Floyd White in charge, were hosts at the Community and School organization with a delightful program. Two plays were presented, a song and several musical numbers. A very large crowd attended, people coming from several adjoining communities. A supper of weiners, buns, pickles, doughnuts and coffee was served by the men. After the program dancing was enjoyed until a late hour.

Pay Tague and Mr. Montgomery of Nyssa were in Ironside on Saturday night on their way to Hereford

to look at some horses.

The Henry Parker family of Ontario visited Monday and Tuesday at the parental Walter Parker home. Mr. Parker took a truck load of wood back to Ontario with him.

Ed Oakes is doing jury duty in Vale this week.

Pete Presley of Jamieson came up Friday and has been helping at the W. R. Lofton ranch.

The Ironside Mercantile company, Ed. Oakes, S. A. Lofton and Ed Beam are putting up ice this week. It is very good and about ten inches thick. They are getting the ice from the reservoir at the Ed Oakes place.

Earl Lofton made a trip to Unity Wednesday and trucked over some steers for W. R. Lofton which he sold to the government.

Mr. and Mrs. Floyd White motored to Ontario on Friday to meet their daughter Norma who came from Boise to spend the week end here.

Miss Loreyn Monson of Vale was a

week end guest at the Fred Laurance home.

Elmer Molthan and Gordon Dickson each sold a car load of beef cattle to California buyers. The Molthan cattle were trucked out on Saturday and the Dickson cattle on Sunday.

The Misses Ella Rigby and Dorothy Whyman of Ontario spent the week end at the Earl Lofton home.

W. R. Lofton sold some cattle to the government. Pete Presley delivered them at Brogan Thursday.

BUYS HOUSE

Charles Garrison purchased a two room house on the Holmes ranch near the Oregon Trail School house and moved it to his ranch in Arcadia. He is fixing it up and it will be occupied this summer by Mr. and Mrs. Clifford Fox, who will be employed on the Garrison ranch.

Guernsey Milk

For the benefit of the people of Nyssa who desire a richer milk than the Holstein milk which we have delivered for the past several years, we have recently purchased some Guernsey cows, and are now delivering high test Guernsey milk, produced in one of the most modern and sanitary plants in this section of the country, according to dairy authorities.

We still maintain our high-standard Holstein milk, which is considered by medical authorities everywhere as the best milk for babies and growing children.

We produce milk for everybody's needs. Try it!

Sunshine Dairy

Sealed for your protection

Many batteries being retailed today are rebuilt or have been used, but the exclusive NATIONAL "seal" on a NATIONAL is your proof that it is brand new.

The NATIONAL Seal is a lead disc welded to the negative post and cannot be replaced once it is removed. A new NATIONAL cannot be installed in your car until the "seal" is broken!

Cold weather demands high efficiency for starting your car. Replace now with a NATIONAL, "the world's greatest battery for cold-weather starting," and let us tell you about the NATIONAL bond and new adjustment plan.
