WATER IN OWYHEE DAM CONTINUES TO RISE RAPIDLY

Water Raises 21.5 Feet Above Tunnel Sills—Almost Three Feet Raise Wednesday.

The water supply for the Owyhee project is practically assured for this year with the announcement this morning that the water had risen 21.5 feet above the tunnel sills, representing 111,000 acre feet of storage. Wednesday the water level rose 2.85 feet and is still rising. It is estimated that within a few days the water going into the dam will start storage for next year with all demands for this year assured.

It is estimated by reclamation officials that approximately one million feet will be necessary to raise the water sufficiently to run over into the ring gate spillway. Many friendly wagers have been made as to whether the water will run over this year, with the opinion about evenly divided. Should the run-off continue long enough to fill the dam and allow water to run through the spillway, a water supply ample to take care of the needs of the project for over two years is assured.

NYSSA PEOPLE IN AUTO WRECK

A car smashup a half mile east of the Lincoln school on the highway leading toward Vale Tuesday afternoon, came near being a serious matter but fortunately no one was badly hurt.

The accident happened when Mrs. R. D. Griffin, returning from Vale with some of the grade school baseball team who had defeated Vale that afternoon, attempted to pass a Chevrolet touring car. It is said that Mrs. Griffin sounded her horn and the Chevrolet attempted to turn into a plowed field and in an effort to avoid hitting the car, Mrs. Griffin turned towards the barrow pit. In doing so, she struck the right rear of the Chevrolet, throwing it into the path of a school bus coming along at that time. The two cars came together with a crash, and the Griffin car, a Plymouth coupe, went into the barrow pit and skidded along its side for some distance. With Mrs. Griffin in the Plymouth were her five months old baby and Miss Theda Green. The boys riding in the rumble seat of the Plymouth escaped injury when the rumble seat lid came down and they were imprisoned within. The boys were Buddy Short, Dee Zink, Dale Bingman, Gerald Warren and Hubert Boren.

Children in the school bus were shaken up some but no one was seriously injured in the accident.
