Twenty-seven eighth grade graduates received their diplomas at graduating exercises held Thursday evening at the Cairo school. Mrs. Katherine Claypool, County Superintendent, presented the diplomas to the graduates.

An interesting program was held, with Judge Grier of the Idaho Supreme Court giving the commencement address and the pupils from the various schools gave a program. Music was furnished by Mrs. Cliff Jordan. Three White Settlement pupils sang several songs which were much appreciated by the audience, the three girls being Miss Lois Perkins, Marjorie Hawkins and Miss Jordan.

JAMES McEWAN O.S.C. GRADUATE BASEBALL STAR

Oregon State College, Corvallis—James McEwan of Nyssa, has recently been graduated in the school of agriculture here. McEwan was a star pitcher on the Oregon State baseball team.

The ex-Nyssa player was one of the leading hurlers on the Orange nine which ended its northern division pennant drive in a tie for third place. It was largely through the air-tight chugging of McEwan that the Orange managed to stay on top of the league standings until the last half of the season.

This was McEwan's third year on the Orange roster. He is a right-hander and could always be relied upon to hold his own with the other team. Relief pitching was his main duty this year. Many times he was sent into the game when things looked dark for the Orange men only to pull them out of the hole with a brilliant display of twirling.

Slats Gill, Orange coach, loses one of this most reliable pitchers when McEwan leaves the staff.

COMMERCIAL CLUB TO ENTERTAIN THE ASSOCIATED C. O. F. C.

Meeting Held at Baker Saturday Night Is Attended by Local Folk.

The Associated Chambers of Commerce, meeting at Baker Saturday night, voted to hold their next meeting at Nyssa, August 5th. This organization includes the chambers of commerce of Boise, Nampa, Caldwell, Emmett, Wilder, Parma, Ontario, Nyssa, Payette, Weiser and Baker. The local commercial club expects to prepare an interesting time for their guests when they meet here.

Forty-one members representing cities from Boise to Baker, attended the meeting Saturday night at the Hotel Baker. Those from Nyssa who attended were President Art Norcott and wife; Secretary Frank T. Morgan, Dr. and Mrs. E. D. Norcott and Mr. and Mrs. W. C. Jackson.

Principal topics of discussion were a proposed booklet to be gotten out by the cities represented, for circulation at the San Diego fair and elsewhere. It is planned to print from 15,000 to 30,000 copies. The booklet will advertise the business opportunities of the communities represented. The cost will be prorated among the individual chambers represented. Discussion was entirely favorable to the project.

There was considerable discussion but no action on a proposal for a name for the middle Snake River valley country represented in the organization. Names suggested included Golden Empire, Sagebrush Empire, several names including the word "wonderful." A committee will study this situation and report at the next meeting at Nyssa.

County Judge Graham of Malheur county spoke briefly, declaring that funds spent annually by the county court in recent years in advertising land settlement opportunities there had paid big returns in increasing the population and creating new taxable wealth in Malheur county. "I wish you would talk to our county court," several individuals from other communities remarked when he had concluded.

Earl Hoge, president of the Baker Chamber, welcomed the group to Baker. Most of the visitors stayed to play golf Sunday.

Annual Rodeo Planned For Mid-Summer Show

Nyssa's second annual Rodeo will be held the latter part of July or the first part of August, with the exact date to be announced in a few days. The Eagles are sponsoring the show again this year and tentative plans were made at a meeting held Sunday evening in the Eagles hall. Lloyd Marshall is in charge of the affair this year and an active committee has been selected to help arrange the details.

The principal entertainment, of course, will be the bucking contest, roping, horse racing and bulldogging events. Negotiations are underway to bring a string of real bucking horses to Nyssa for the event and riders of high calibre will do their stuff before the crowds. Tom Burton and Don Graham are rodeo secretaries and anyone desiring further information as to dates, conditions and other information can secure this from the secretary.

Present plans call for two day show, with a Rodeo Queen selected prior to the celebration to reign over the affair. A boxing card will probably be on the program; along with water fights, free barbecue and carnival events. Arrangements are being made for a Walkathon for the last day, with prizes awarded to the successful contestants. There will be dances held both evenings.

Other committee members appointed include Bob Millar as treasurer; fight card, Bernard Frost and Dean Smith; advertising W. F. McLaughlin and Berwyn Burke grounds, W. J. Williams and Andy McGinnis; miscellaneous, Warren McHargue, J. W. Pogue and Joe Hardin; barbecue, Dewey Ray and Ernest Wilton; queen contest, Artie Robertson and C. J. Keizer.

Missionary From China Tells Bible School Students About Habits and Customs in China

Most of us think of China as a country that is very much inferior to ours in every way. According to Mrs. Hans Roan, returned missionary from that place, this is not so. The people of China excel us in many things. For example she displayed a ring, the setting of which was carved from agate. The intricate pattern shows skill equal to the adapt of our workmen, and they are not as far advanced in the line of tools as we are.

To begin with she told a little about the history of China. It has been a nation for 5000 years, a very long time compared to the 150 years the United States has been a nation. They are the only people who are still banded together as one after so many years, most of the others who were intact at the time China was young, are being excavated from the ruins in which they now lie. They have been a cultured people since 2300 years before Christ and had a depart ment of music at that time.

During the years between 960 B. C. and 950 A. D. they had a very complete education system. The method of raising money to carry this on was done by taxation. But the coming of conquerors made a very different nation out of it. Before their coming, every man, woman and child was in school or had been in school. Everyone was given the privilege of an education. Now it is a different matter. Only one out of every ten has a chance for an education. The changing of rulers and the extravagance of their reigns, made taxes so high, that the country was unable to meet them. Consequently, the schools were first to suffer. The children of China are eager to learn and take advantage of every opportunity given them.

In China not an inch of ground is
