### C. C. C. CAMPS TO BE OCCUPIED ABOUT OCT. 1

Pullman, Wash. — Rumors now floating through the Northwest that the completed and partly completed CCC erosion camps are to be abandoned are false, according to a statement made by W. A. Rockie, regional director of the Palouse Project of the Soil Conservation Service. Rockie denied that the CCC projects of the Soil Conservation Service were being given up, explaining that, because of possible conflicts in getting harvest crews, enrollment will be held until after this important season of farm work.

Rockie's statement in full follows: "The enrollment of men for work in the CCC camps has been temporarily halted until the harvest crews are fully manned. Enrollment for the camps will later be gradually resumed, and it has been reliably stated that all of the camps assigned

to the Soil Conservation Service will be occupied by full companies around October 1."

### U. P. ALLOWED TO ABSORB 4 LINES

Washington, July 31—Final approval was given by the interstate commerce commission Wednesday to a proposal of the Union Pacific railroad to absorb the properties of the Oregon Short Line Railroad company, the Oregon-Washington Railroad and Navigation company, the Los Angeles and Salt Lake Railroad company and the St. Joseph and Grand Island Railway company.

The commission's authorization to the U. P. to lease the properties was given after that railroad had agreed to acquire, at their commercial value the Laramie, North Park and Western Railroad company and the Pacific and Idaho Northern Railway company.

Under the Union Pacific's plans for unified operation of the lines offices maintained by the several roads at Salt Lake City, Pocatello, Idaho, Los Angeles, St. Joseph, Mo., and Portland, Oregon, would be discontinued and accounting and fiscal work consolidated in the Union Pacific office at Omaha Neb.

The Union Pacific said in its application it expected to retain in its service about 60 per cent of the 463 employees involved in this work if they would accept employment at Omaha.

The Union Pacific takes over the properties January 1.
