CERTIFIED FOR SIGHT - SAVING

Better Sight Lamps

Now you can have lamps that not only bring new beauty into your home—but will give you and the members of your family amazing new eye-comfort and sight protection.

These new lamps built by Colonial-Premier were created by the Illuminating Engineering Society as a contribution to the sight-saving movement that is engaging the attention of public leaders everywhere.

Better Sight Lamps give six to ten times as much useful light as the ordinary lamp for reading, sewing or studying. They diffuse this light to eliminate all harmful glare, soften shadows and throw just the right amount of light to the ceiling for general illumination.

Come in and see these beautiful new Better Sight Lamps and let us demonstrate their scientific features.
