BANISH BODY ODOR This NEW Way

Perhaps you're wondering why your friends keep their distance; why they look embarrassed when you ask them what's the matter. Body odor is such a delicate subject, nobody cares to tackle it with the offender.

Body odor cannot be banished by mere washing. It is chiefly caused by acid secretions in the skin which need a special cleansing agent to remove them. RADOX contains that agent in the form of oxygen, and is guaranteed not only to naturalize perspiration, but to cleanse the pores thoroughly, and leave the skin with a fragrance. Simply dissolve 4 heaping tablespoonsful of Radox in a tub 1/2 full of warm water—relax in this invigorating, refreshing bath for 15 minutes. After Radox has cleansed your skin of all the acid secretions you can be at ease about your daintiness all day. You can get it at The Nyssa Pharmacy.—Adv.
