 The mistress of the house heard the bell ring and saw standing at the open front door a Chinese hawk. Quickly retreating, she called out to the maid:
 "There's a Chinaman at the door. You go, Ella."
 This was too much for the Chinese who stuck his head into the hall and shouted indignantly:
 "You go 'ella yourself!"

THIS is the month

you want to get washday out of your home. Just before Christmas when you have so many interesting and important things to do—and there you are, spending hours in the steamy basement, wearing yourself out, doing the family washing!

Think of that. Then think of this. By sending your washing to us this week, and every week from now on, you'll really be giving yourself 52 Christmas presents a year! You'll be giving yourself 52 extra days to do the things you really enjoy doing. And you'll save money besides. For our Rough Dry actually costs less than you are paying for your washday supplies. In fact, the money you save this way, will be like an extra Christmas fund.

You'll love the way we wash your clothes, too. For we coax out every trace of soil and dirt in rich warm suds of purest soap. Then we rinse them in gallons and gallons of rain-soft water. And we only

charge 50c for the average size bundle of 7 pounds, and 7c for each additional pound, your clothes, too. For we coax tarlo 98, at our expense and tell us to send for your bundle. We'll be there any day you say. And Merry Christmas to you every week next year.
