Geyser Forms Giant Mushroom

AN UNUSUAL PHOTOGRAPH of the world famous Old Faithful Geyser in Yellowstone National Park. With clock-like regularity Old Faithful spouts a mighty stream of boiling water 120 feet into the air, preceding this performance with a growling, rumbling, hissing prologue. The capriciousness of wind and clouds sometimes forms unique pictures in combination with the mighty water gusher.

REPRESENT NYSSA IN BLOSSOM FESTIVAL GOLF TOURNAMENT

C. L. McCoy, Dr. E. D. Norcott, Warren Larsen and A. C. Norcott represented Nyssa in the Payette Blossom Day Festival golf tournament Monday, and although they did not win first prize; they turned in creditable scores. The tournament was won by Emmett with a team composed of Nate Young, formerly of Nyssa; Pete Ottosen, who has recently been transferred from Ontario; Ralph Farber and R. Nelson.

Meaning of "Von" in Names

Von in German family names was originally merely a preposition literally meaning of or from. It corresponds to van in Dutch and de in French names. Paul von Hindenburg means Paul of or from Hindenburg. Likewise Martin Van Buren literally means Martin of Buren; and Louis de Rouen, means Louis of Rouen. These particles are now regarded as component parts of surnames and have little significance, unless they suggest that the bearer of the such names may be descended from families once belonging to the aristocracy.

Twin Houses?

NO!

THIS ONE

... hides a framework of green and unseasoned lumber. The builder tried to economize on first costs, but in a very short while that green lumber is going to shrink and warp, causing settling and sagging throughout the house. It will cost many times his "saving" to repair the damage that green lumber inevitably produces.

THIS ONE

... is solidly built with 4-Square framing lumber. . . and 4-Square lumber throughout. Every stick of this Weyerhaeuser product was thoroughly seasoned before it left the mill. It will stand straight and true for years and years. Furthermore, the squared ends . . . and measured lengths saved many dollars in original costs.
