To The Voters
Of Malheur County...

We wish to call your attention to the Republican candidate for election to the office of COUNTY ASSESSOR, Mrs. Jean Burrelle, and give you some information concerning her.

ASSESSOR—Mrs. Jean Burrelle is the Republican candidate for County Assessor. Mrs. Burrelle has been Deputy County Assessor for over seven years. She is a widow with four dependent children. She has had a great deal of experience in the work of the office and is competent to handle this position efficiently and fairly. She has also had experience in a bank and was assistant cashier for a time. As you know, the work of the Assessor consists of listing and fixing the value of the taxable property of the county for the purpose of taxation and making up the assessment rolls. The job requires experience, a knowledge of property values, good judgment and fairness. We believe Mrs. Burrelle has all these qualities and will make a very good assessor.

We believe that she is well qualified for the office she seeks. You will make no mistake by voting for her.

Malheur County Republican Central Committee,
O. G. Luehrs, Chairman,
F. E. Coad, Secretary.

A customer and her five-year-old daughter drove into our garage to have the battery tested. During the hydrometer reading, the little girl was very quiet. All at once she cried, "Oh, mama look! The thing has a temperature."

PROGRESS IN YOUR SCHOOLS IS A FACT

1. During the past four years the number of school districts on a warrant basis has been reduced from more than 3 dozen to 4.
2. The courses of study given to students in our schools are inferior to none offered elsewhere and are in fact, decidedly superior to many.
3. Fine new school buildings have been erected, increasing the welfare of our students and reflecting to the credit of the County in educational circles throughout the State.

4. The County has gained state-wide recognition in important extra-curricular activities, such as 4-H Club work. Also, although farthest removed from the state center of population, last year we ranked first in the state for activity in school music.

THE ABOVE IS SOLID, SUBSTANTIAL PROGRESS. IF YOU APPROVE OF IT—
