SPORTSMANSHIP—

Good sports? Sure we are. We know our team lost at Baker, not because they didn't play hard, but we can't all win you know. It isn't only the players that lost but the entire school.

We sent our team from Nyssa last Tuesday morning with great hopes for them. The victory was not theirs but they were decent about it and held respect for the other teams at Baker. At Nyssa, no one blames another, it just happened that way. Without the high honors of winning the games we have the honor to say that Nyssa has sportsmanship that is real and hard to find.

GEORGE MITCHELL
Manager Nyssa Branch
First National Bank of Portland

BANK MAKES NEW KIND OF LOANS

Establishment of an Installment Credit Loan department by the Nyssa Branch of The First National Bank of Portland was made public this week by Geo. Mitchell, manager. In their first week of operation the new departments are receiving excellent public response according to Mr. Mitchell.

Similar departments have been opened in the 34 other branches of the Portland bank. Through this department is made available on a monthly repayment plan to wage earners, salaried men and women and other individuals having steady incomes and satisfactory credit records. Establishment of this Installment Credit Loan Service is being announced by The First National in an extensive advertising campaign in Nyssa and throughout the state.

"The need of ready cash to meet unexpected expenses, financing the purchase of an automobile and many other daily financial needs of our customers and other residents of this district now may be provided for in our new Installment Credit Loan department," Mitchell said. "We are pleased to bring to Nyssa this added bank service. Banks have often been considered as limiting their lending operations to large borrowers. We believe installment financing at a reasonable rate of interest is an important service the bank should extend to individuals."

"Loans made under this plan will enable borrowers to have the advantage of paying cash for automobiles and other purchases. Certainly this plan will increase the helpfulness of this bank to the great majority of bank customers."

Supplementing the statewide newspaper advertising are billboards, radio, direct mail and other media. Mr. Mitchell attended a meeting in Portland on February 27, when plans for establishment of the Installment Credit Loan departments were discussed by branch managers and officers of the bank.

TODAY'S QUOTE

"People who advise new-comers to attempt to make a living on a small patch of cut-over forest land in Oregon are about as kind as those who would banish them to Siberia. Much needs to be done in the development of a permanent program for these lands, but trying to turn them into small farms is not the answer."

Many Species of Plants
In Brazil, 400 different species of plants are found in an area of three square miles.

CIVIC CLUB TO ELECT OFFICERS

On Wednesday afternoon, March 17th the Nyssa Civic Club will hold election of officers. The meeting will be held as usual in the Eagles Hall.
