VOTERS SHOULD CAST THEIR BALLOTS TUESDAY—

REGARDLESS of how fondly we look back toward the "horse and buggy days," from a sentimental point of view; the man or the community traveling such a gait will sooner or later find they have been left far behind in the daily procession of life.

One of the things back in the "horse and buggy" days is the Nyssa city charter adopted in 1903. A splendid document at the time, it has become mutilated by custom, progress and varied conditions until the city has a hard time following the word of law as laid down by the charter.

Any election, to be truly successful, must reflect the opinion of the majority, and the only way such an opinion can be recorded is by the ballot. Free speech, free press and the voting franchise are things worth fighting for.

MORE JOBS FOR GRADS THIS YEAR—

(Caldwell News-Tribune)

FOR the first time in a number of years, college graduates this spring will be able to find jobs without too great difficulty.

So marked has been the improvement that the Bureau of Industrial Service in New York finds that employment prospects for college graduates this year are only slightly less favorable than in 1929 and far better than 1936.

Characteristic, too, of the prevalent practice before the depression, major business concerns are recruiting many of the grads. General Electric, Du Pont, Proctor and Gamble, Westinghouse and various subsidiaries of the American Telephone and Telegraph Company are once more taking the cream of young America from commencement rostrums.

It is a good omen. One of the peculiarly unfortunate that it placed in the path of American young tunate effects of the depression was the handmen and women. Anxious to get started on their life's work, there was no place to start.

It is a brighter future that faces young men and women today. For those who sincerely look for something, there is a place.

SUNDAY, MAY 9 IS MOTHERS DAY—

SUNDAY, MAY 9 deserves to be a national holiday, for it is Mothers Day and set aside to honor the Mothers who have made this great nation a world power.

No man or woman worthy of the name needs to be told the significance of the day, but the important thing is to not let the hurry and bustle of life cause you to overlook this most important day.

COMMENTS BY CLARK WOOD

The white collar workers these days is probably in arrears with his laundry bill.

Probably no one would complain, though, if hitchhikers were to fold up their thumbs and engage in a sit-down strike.

That their work-week be reduced from 90 to 84 hours is now being demanded by the Japanese—the lazybones.
