EXPERIENCED DRIVERS ERR

Figures gathered by the Oregon State Motor association indicate that the experienced driver is not the safest. Nine out of every ten of the 376 persons killed in Oregon the victims of drivers who had automobile accidents last year were more than a year's experience behind the wheel.

MORE MEN KILLED

Far more men are killed in automobile accidents on Oregon highways than women the number of men being more than 76 per cent of the total death count figures compiled by the Oregon State Motor association show.

It's the skill behind the man that counts or did until organized labor forced his wages up.
