

Russia Is Streamlining Its Locomotives

Following the lead of American railroads, the Russians are now streamlining their locomotives. The "Joseph Stalin," built at a government locomotive works in the Ukraine, is pictured ready for a trial run. It is designed to run at a speed of 85 miles an hour.

iron a shirt. Many pictures were cut out for memory books and luncheon sets were discussed.

Local Leaders from Malheur county who will accompany Mr. E. M. Hauser to Union for the conference of Local Leaders of Eastern Oregon are Mrs. C. E. Elliot, Kingman; Mr. George Black, Little Valley and Mr. Copeland of Harper.

"Follow the Gleam" was sung by the 4-H club members, at Sunday School Sunday in observance of Rural Life Sunday.

ARMY SIGNS ONTARIO BOYS

Major H. D. Bagnall, the Army Recruiting Officer, 323 New Post Office Building, Portland announced today the enlistment in the United States Army of three more Ontario youth.

The new soldiers are Kelcy Alpha Allen, Jr., son of Mr. and Mrs. K. A. Allen, Post Office Box 337; Joseph Harold Embree, son of Mr. and Mrs. H. F. Embree and John Francis Hayden, son of Mr. and Mrs. Charles E. Hayden, all of Ontario.

The three new soldiers, all graduates of the Ontario High School, made application for enlistment on May 1st at Ontario and after successfully passing the Army tests at Vancouver Barracks, Washington, were enlisted on May 4th for service with the 29th Engineers (topographical) with station at Port Angeles, Washington, Major Bagnall said. The 29th Engineers, the only organization of its kind in the United States Army, is now engaged in surveying and mapping the Olympic Peninsula, most of the mapping being done with the New Multiple Mapping machines by use of airplane photographs.

The recruiting officer's report also indicates that the new soldiers will leave Vancouver Barracks without delay for the headquarters of the battalion at Port Angeles. However, Major Bagnall said, they may be stationed in Portland, Oregon shortly as the 29th is soon scheduled to move to Oregon on another mapping project.

One Portland woman is chuckling at the expense of a thief. She put a dead cat in a shoe box, along with a brick, tied the box securely so she could drop it in the river. She forgot to drop it, parked her car, and a thief made away with the box.

AUTO EXAMINER COMING

W. L. Turner, examiner of operators and chauffeurs, will be in Nyssa Thursday May 13, 1937, at the City Hall between the hours of 1 P. M. and 5 P. M. respectively, according to a recent announcement released from the Secretary of State's office.

All this wishing permits or licenses to drive cars are asked to get in touch with Mr. Turner during these hours.

BAD WEATHER MINOR THREAT

Flashing the popular notion that wet or icy roads, rain, hail, sleet or other adverse weather conditions are accountable for the majority of automobile accidents, Oregon State Motor association statistics prove that fully 80 per cent of Oregon's fatal accidents alone happen under prevailing clear weather conditions.

JORDAN VALLEY

By MRS ISABELLE LEE

Mr. and Mrs. Charles Loveland made a business trip to Winnemucca last Monday.

Mr. and Mrs. Ambrose Maher of Cliffs returned Saturday from Boise where Mr. Maher attended a meeting of the Owyhee County Grazing Board.

Misses Ruby and Agnes Maher who are attending high school here spent a few days at Cliffs, returning Tuesday.

Clyde and Delos Foster of Cliffs were business visitors here Wednesday.

Mrs. George S. Parks is driving a new Chrysler Royal.

Mr. and Mrs. Conway, Mr. and Mrs. Blakley and Miss Ewing drove to Harper Thursday afternoon. On their return late that night they had a narrow escape from serious injury when a tire blew out coming up the grade in Succor Creek Canyon. The car tilted and balanced on the edge of the grade. The occupants crawled out but could not right the car. The men walked to the nearest house, but were unable to obtain help, so the party spent the remainder of the night there. About eight o'clock the highway crew came along and helped right the car and put it on the road. Aside from a flat tire and losing half a tank of gas the car was not damaged. The party arriv-

ed in town none the worse for their harrowing experience.

Last Friday was sneak day for the Seniors. They drove to Boise and picnicked at Julia Davis park and after attending a show returned home, reporting a very enjoyable day.

George S. Parks while working with horses Sunday had the misfortune to be kicked in the face, cutting a deep gash above his eye partially severing his ear.

4-H Achievement Day

The 4-H clubs had Achievement Day Friday. Mr. Hauser, county club leader, accompanied by his wife came from Ontario for the day. Mrs. Emma Wall, Mrs. Sam Ross and Mrs. Hauser were judges in the sewing project, fourth year. Mrs. F. L. Stevens, leader, Isabelle won first, Alice Connors second. As they had both won a scholarship in the previous years they were not eligible again and the scholarship went to Julia Zatica winner in third year club. Pilar Elorriaga won second in the third year club.

In the second year division Eugenia Corta won first and a scholarship. Olive Icarian second in the cooking division, second year. Mrs. John S. Conway leader. Lois Stearns won a scholarship. Helen Stoddard won second place. Mr.

Hauser gave a short talk and presented the achievement cards. The club girls modeled their dresses and invited the guests to try their cooking.

Miss Ewing's room presented a pleasing program and later gave a demonstration of Health Club work. Mr. Ray Snyder teacher of Pleasant Valley brought her pupils down to attend the exercises.

Watch "Needless Expense" . . . when You Build . . .

Plumbing and heating systems are often the cause of needless expense in home maintenance. Avoid this when you build. Insist on careful work and tested supplies.

(Oregon News Bureau)

Another Iowa industry that is proving helpful is the manufacture of wall boards from cornstalks. With Germany making clothes from woodbark and auto "petrol" from common chips the northwest may look forward to some new side-product industries when Bonneville power begins to flow.

Those who try to make head and tails of the war in Spain find a puzzle on their hands that appears to become more and more complex as you attempt to analyze what is happening there. The only definite conclusion we have been able to reach is that the side most likely to lose appears to be the one which became exhausted first and that war continues to be exactly what Sherman said it was.

The labor union tide that has been sweeping the northwest had made a small contribution to the

cause of prohibition and may even have reduced the number of drunken drivers that will infest the highways. The price of bottle beer is going up, the size of the 10-cent glass of suds is going down and the thirsty fellow with only a nickle in his jeans will have to wet his palate at the water faucet. Five-cent beer is no more.

Another man who is peeved about the length of time it is taking Congress to get around to court question is "Texas Jack" Garner our busy eye-browed vice president. This genial gentleman had it all arranged to attend Portland's Rose Festival and do a spell of fishing in Oregon's streams. Oregon loses a chance to meet first hand one of the south's finest—if Texas can be called south—but the ones who really benefit are the trout. From all reports Fisherman Garner flips a tempting fly.

WOMEN BETTER DRIVERS?

Men were behind the wheel in 93 out of every 100 cars in Oregon's automobile accidents last year, Oregon State Motor association statistics prove.

KINGMAN KOLONY

By MRS. C. E. ELLIOTT

Mrs. Lillie Bach came from Prairie City to her home here for a short visit in the J. D. Lane home after which she returned to Prairie City where she will remain until after the graduation exercises of her niece Geraldine Bach. Soon after that she plans to go to Utah to attend the graduation of her son Kenneth from the college at Utah.

The play "Aunt Emma Sees It Through," which was presented by the Oregon Trail people at the Kingman school house Tuesday evening, was enjoyed by all those who attended. It was sponsored by the H. E. C. of Kingman.

Mrs. Carter of Harper and her son Clarence and daughter Marion attended Sunday School Sunday at Kingman. Mrs. Carter came in the interest of the WCTU and organized a club while here. Several hymns were played by Clarence Carter on his marimba.

Mr. and Mrs. Frank Evans and Mr. and Mrs. Mike Evans were Sunday guests at the Snively Hot Springs. Mrs. Evans remained for a visit with Mrs. McCreary.

Local 4-H club leaders held their meeting Saturday May 1st at the high school building in Ontario.

Two club members from Owyhee presented a very good demonstration on sandwiches. Mrs. Claypool presented a set of goals to be used by the council during the following year. These were adopted. Miss Crummett gave an outline of the Dollar Dinner Contest to be used at the fair this fall. Several other plans were discussed by the council for the fair this fall.

It was voted to hold the next regular meeting on May 29th as the regular meeting date will be to close to the date of summerschool.

The Fireside club, who are members of the 4-H Homemaking club held their meeting in the lovely home of Mrs. D. T. Holly Wednesday. All members were present. Mrs. Holly demonstrated how to
