## Mettlen Funeral Held On Sunday

Funeral services were held for Charles Mettlen at the Community Methodist Church Sunday and was conducted by Rev. Floyd White. Mr. Mettlen died last Tuesday, May 4 at his home near Mitchell Butte after being ill only a few days from pneumonia. Mettlen was 25 years old and unmarried.

Charles Robert Mettlen was born November 5, 1911 at Lincoln County Nebraska. He departed from this life May 4, 1937 at Nyssa at the age of 25 years, 5 months and 29 days.

In the fall of 1921 his parents moved to Giltner, Nebraska where his boyhood days were spent. He received his grade and high school education there, graduating with the class of 1929. He attended business college at Grand Island, Nebraska but decided that he liked farming better. He and his father have been constant companions on the farm.

About seven months ago, Charles and his parents took a homestead on the north side of Mitchell Butte where he resided at the time of his death.

Charles was a home loving boy and had made great plans for a home on the new land. Everyone who knew Charles, loved him.

He leaves to mourn his death at so early an age, his father and his mother, Mr. and Mrs. William A. Mettlen; his fiancée, Miss Pearl Roe and five sisters and one brother. They are Faye Mettlen, Mrs. Ola Chard, Mrs. Jessie Chard, Mrs. Jennie Talbot, Mrs. Luella Smith; all of Nyssa and a brother of Sylvan Grove, Kansas, together with a host of other relatives and friends.

Rev. White read this very appropriate poem written by L. L. Abbott:

### The Man Who's Won

I want to walk by the side of the man Who has suffered and seen and knows, Who has measured his pace on the battle line And given and taken his blows, Who has never whined when the scheme went wrong Nor scoffed at the falling plan But takes his dose with a heart of trust And the faith of a gentleman; Who has parried and struck and sought and given And scarred with a thousand spears Can lift his head to the stars and heaven And is not ashamed of his tears.

I'd give my all, be it little or great, To walk by his side today, To stand up there by the man who has known The bite of the burning fray; Who has gritted his teeth, and clinched his fist, And gone on doing his best, Because of his love for his fellow man And the faith in his manly breast I would love to walk with him hand in hand, Together journey along, For the man who has fought and won is the man Who can make the other strong.

Relatives arrived from Kansas and a large number of friends attend the funeral. Pallbearers were Leo and Earl Chard of Nyssa, Loral Miller of Payette, Cort and Murlin Brock of Caldwell and Bob Thompson of Nyssa.

Charles Jones accompanied by Dwight Johnston sang "Some Day We Will Understand" and "Whispering Hope." Mrs. Al Thompson and Mrs. Earl Anderson accompanied by Dwight Johnston sang "City Four Square."

### Train Crew Testify

Clarence Erickson of Glens Ferry, who was the engineer in charge of the train, testified that I. J. Higgins, fireman; Ernest Kenneky, head brakeman; Forrest Jones, student fireman; and himself were in the cab at the time of the accident. He was sitting on the seat back next to the right side and didn't see the car prior to the accident. Jim Higgins, he said, was sitting on the right hand side of the cab and was operating the engine.

Mr. Erickson said the first he knew of danger was when the head brakeman and student fireman shouted, "Hold'er!" This was about the time the engine was passing the depot and within a few feet of the car attempting to get across in front of the engine. The brakes were set and the train stopped in 28 car lengths. He estimated the speed of the train to be from 35 to 40 miles an hour. Mr. Erickson testified he had worked on trains as engineer and fireman on and off since 1917.

I. J. Higgins, engineer and fireman of Glens Ferry testified he was operating the engine at the time of the accident and was sitting on the right hand side as the engine hit the car and swept past. He seen the car just as it struck but had already set the brakes when he had been warned of danger by the cry of the brakeman and student fireman. Mr. Higgins said he had been in engine service for

20 years. He also testified he gave the customary two long and two short blasts of the whistle at the proper time and that the automatic bell on the engine had been on for at least 80 rods.

Ernest Kenneky of Glens Ferry head brakeman gave practically the same testimony as the other trainmen. He said th train was delayed one hour and 55 minutes by the accident. He has had 19 years experience with the Union Pacific.

Forrest Jones, student fireman who had just started his apprenticeship Friday, testified he was sitting on the left side and saw th car approaching the crossing.

Dr. J. J. Sarazin testified as to the nature of the victim's injuries and Sgt. Ted Chambers gave technical information regarding the wreck. He said that if the car was going 20 miles an hour, and since they missed safety by about three feet; one-tenth of a second faster would have brought them into the clear and saved the life of five people.

Conductor in charge of the train was Geo. E. Ellison; other members of the train crew being Erickson, Higgins, Jones, Kenneky and Chas. Barton, the rear brakeman.
