Planning Board To Submit Zone Act To Public

Public Hearing Scheduled For June 29th To Discuss New Ordinance.

An ordinance with far-reaching effects has been proposed by the City Planning Commission but before the ordinance can be adopted a public hearing must be held, which hearing has been set for Tuesday, June 29th in the basement of the Eagles hall.

The proposed zoning ordinance restricts and regulates the location of business, trades and callings; divides the city into districts and establishes regulations by which buildings may or may not be built, altered or repaired. The proposed regulation is much more stringent than ever before attempted in Nyssa and every interested citizen in Nyssa will no doubt wish to attend the meeting in the Eagles hall June 29th.

Under the law, the Planning Commission can get together, discuss a proposed ordinance and draw up a draft of the law. Before it can be adopted by the City Council, there must be a public hearing, advertised in advance so that everyone will have an opportunity to be heard either for or against the measure.

A copy of the proposed zoning ordinance has been filed with the City Recorder and anyone interested may inspect it prior to the public meeting and decide whether they agree or disagree with the provisions of the act.

DREAMLAND THEATRE TO BE REPLACED BY "PIX"

Ontario visitors these days wonder where the Dreamland Theatre has disappeared to. As a matter of fact, workmen started tearing the structure down a week ago Sunday and now have the building razed. A new theatre is being built on the site, to be known as the Pix Theatre. It will be larger than the Dreamland, with the largest seating capacity of any theatre in the Snake River valley. Formal opening of the new theatre will be early in September, according to present plans.

Sky Circus To Perform At Ontario Airport July 6th

Interest in the coming "Sky Circus" at Ontario July 6th is getting keen, according to R. E. Scribner when he was in Nyssa this week. He said the Ontario airport is getting a thorough overhauling in anticipation of the event, including oiling of the runways and arranging accommodations for the vast crowd expected to attend.

The "Sky Circus" is a complete program of stunts, parachute jumps and exhibition flying which will be presented in ten cities in Oregon from July 2 to July 11, on the 1937 Oregon Air Tour, sponsored by the Oregon Aviation Development Committee. R. E. Scribner of Ontario is a member of this committee and handling details for the appearance of the circus at Ontario.

While the stunts will be the spectacular part of the show, the other half of the program will be the exhibition of modern aircraft with two score of the latest and newest type airplanes. As a special inducement to give the children an opportunity to see aviation's newest, the committee has decided to admit all children under 12 free if they are accompanied by an adult. Everyone will be allowed to inspect the 40 planes, the instruments, accessories, the motor and see all the newest

Boise, Payette and Caldwell In Playoff For League Leadership

STANDINGS OF THE CLUBS

	W.	L.	Pct.
Boise	5	2	.714
Payette	5	2	.714
Caldwell	5	2	.714
Nyssa	3	4	.429
Vale	3	4	.429
Ontario	3	4	.429
Emmett	2	5	.286
Weiser	2	5	.286

Nyssa dropped another game Sunday in the Idaho-Oregon league play when Payette won a 9 to 0 decision. The local boys actually out-hit Payette but failed to move the men around the bases to the payoff at home plate. The loss put Nyssa in a tie with Vale and Ontario for second place in league standings; with Boise, Payette and Caldwell in a three-way tie for top honors.

Ontario Spring Upset
The upset of the day was Ontario's 8 to 0 victory over Boise on Boise's home field. Ontario had been bringing up the rear, while Boise seemed headed for a certain pennant; but the boys from the neighboring town essays the giant-killer role and knocked off the leaders to throw them in a tie with Payette and Caldwell.

Vale Beats Weiser
Weiser had been going so strong they were figured almost certain winner over Vale, but the county seat team smacked them down 11 to 2 in another upset game of the day. Caldwell kept their record clean by defeating Emmett by an 8 to 3 count.

Nyssa Outthits Idahoans
The local team outthit Payette Sunday, but were erratic in the field and seemed unable to bunch hits for runs. Art Norcott led the Nyssa batting with a double and two singles. The only home run of the game was by Jack Fry, Payette first sacker, who parked one of Johnsson's slants over the right field fence.

All games in the Idaho-Oregon league will be postponed a week while Boise, Payette and Caldwell play off the tie for first place. The Boise and Payette teams will play Sunday morning in Boise, followed Sunday afternoon with the winner taking on Caldwell for the first half of the season championship.

Nyssa To Play Emmett
An unofficial game has been arranged for Sunday between Nyssa and Emmett on the Emmett diamond. While not counting in league standings, the game is expected to draw quite a crowd on the Emmett diamond. The locals have defeated Emmett once this season, but the score was close and it should be an interesting game.

Mr. and Mrs. Chas. Garrison and their daughter Mrs. Chas. Newell and children drove up to Moscow Saturday to attend Commencement exercises and see their son Louis receive his degree in electrical engineering and his wife get her degree in education. The party returned to Nyssa Tuesday.

There will be several flivver planes on exhibition; light planes selling in the \$1400 class and popular with many fliers. Three or four cabin planes will be included in the show, all fitted with modern interiors, latest type instruments and other refinements of modern flying. The entire list of 40 planes will be on exhibit from 9:00 in the morning until 3:00 in the afternoon will include practically every type of plane and is expected to equal many famous national air shows.

Thrills for the crowd will be provided by acrobatic fliers with a wide variety of stunts. Fliers with national reputations are making the tour of Oregon cities and the show July 6th will give the people of the Snake River valley an opportunity to see sights never before given in the territory. Allen D. Greenwood, state aeronautics inspector and tour directors says, "the Sky Circus will be of national air races calibre, because the same stars which played to thousands of persons at these big events will be presented to residents of Oregon during this tour of 10 Oregon cities." Cities on the tour include Ontario, Medford, Klamath Falls, Bend, Baker, Pendleton, Salem, Marshfield, Astoria and Portland.

Jim Kakebeeke, son of John Kakebeeke of Nyssa, has purchased the Ontario Furniture Exchange in Ontario. He took possession on Tuesday, June 15th.

Toxoid clinics have been planned in Malheur County as part of the public health program for the preschool child. Children between the ages of six months and eight years are invited and urged to attend one of these five clinics. They may attend any clinic from any part of the county. This is the age group that has the least natural protection against diphtheria and every child can be protected through immunization if their parents will consider this notice an invitation and attend a clinic or go to their own family physician for the toxoid. In three months from the time of this clinic there will be another in the same place and for the same children. This gives each child an opportunity to have two inoculations which gives a greater assurance of actual immunity than one inoculation according to physicians that are interested in prevention. A year after the second inoculation each child will be given the opportunity to have the Schick test to determine his immunity.

The clinic in Nyssa is being sponsored by the Civic Club this year.

The date time and place of these clinics are as follows: Nyssa, Tuesday, June 29th, 9 A. M., High School; Vale, Wednesday, June 30, 9:30 A. M., High School. Ontario Thursday, July 1st, 1:30 P. M., High School. Harper, Friday, July 2, 1:30 P. M., High School. Juntura, Friday, July 2nd, 3:30 P. M., High School. Physicians of the county will give the toxoid. A charge of 25 cents will be made to cover the cost of the material.

Public Health authorities urge every child of this age group to go to their own family physician and be successfully vaccinated for small pox. This is especially urged before the child starts to school. In many of the schools in Oregon and over the United States this is a requirement for the beginning of school for the child entering the first time.
