Russell Bros. Circus

There will be a general exodus of circus admirers from this city and vicinity when Russell Bros. Big 3-Ring Circus and Menagerie gives two performances in Payette, Saturday, August 28 at 2 and 8 P. M.

"When you have seen one circus you have seen them all" was a remark frequently heard in the past, but nowadays such does not hold true. The Russell Circus has a reputation for presenting more actual novel and surprising acts than any other show and because of this it claims the motto, "the highest class circus in the world." This is a big show, usually exhibiting in cities ranging from ten thousand to half a million or more in population, since a capacity crowd for one performance only will not meet the gigantic daily expense involved.

Daring exploits in the air by the Five Fearless Flyers, the Rebas Dufrom France, Miss Aerialetta, the Willis Sisters and a score of lovely aerial ballerinas; spectacular acro batic feats by such troupes as the Six Lelands, the Conner Trio and the Ballentena Brothers; incredible annimal intelligence exemplified by trained sea-lions, bears, elephants, horses, ponies, monkeys and a chimpanezee that is all but huuan—these are a few of the daily attractive features presented to the stirring strains of circus band music and interpered by the antics of those indispensible funny fellows, the clowns.

Advice To The Road-Worn

E. W. PRUYN, Auto Repair,

Nyssa, Oregon. Gentlemen:

There's a horse cut on our ranch, and he gets more attention than I do. He coughed this morning, and what the trouble was. They worked on him more than two hours. I'm sure he didn't cost even a tenth as much as I did, either.

And do you know that I have been coughing and choking for a month? But I don't get a bit of sympathy. I'm terribly afraid if they don't do something pretty soon, I'll be coming down with a severe case of chronic carburitis. I can't stand it much longer. What shall I do?

Very truly, Very Worried Car.

Dear Very Worried Car:

That's pad. Very bad. The worst of it is, we probably won't be able to help you until you do break down completely with the chronic carburetis, because they may not bring

If there were only some way for you to show them how really serious your trouble is, they might do even more for you than they did for the horse. You may even have pernicious valve symptoms, too, if we guess correctly. We'd like to have you right now, and we could fix you

up in ten minutes.
