WILD ROSE GRANGE

(By Naomia Todhunter)

The Wild Rose Grange held its regular meeting Saturday, August 28th at 9 o'clock P. M. at the Mountain View schoolhouse.

The Home Economics Club held its regular meeting at the home of Mr. and Mrs. Roy Harris Thursday, August 19th. It was decided to have a program and grab box Saturday, September 4th. After the meeting a lovely lunch was served. The next regular meeting will be held at the home of Mr. and Mrs. Manuel Todhunter, Thursday, September 2.

AROCK GRANGE NEWS

(By Mrs. Opal Murphy)

Arock Grange met on the regular meeting night. The largest crowd we have had this summer was in attendance. A very interesting meeting was the result with much business being taken care of. Some plans for a grange booth at the Fair was discussed.

Not having lunch prepared for this meeting, some of the young members felt we should eat anyway so a donation was taken up with which they bought cookies. Coffee was soon boiling and ready to serve. The impromptu lunch was enjoyed by all as well as the clever program prepared by our young lecturer Ben Packard.

Plans are being made for the next meeting to be open in honor of students going away to high school and college.

The H. E. C. met with Mrs. R. E. Danner on August 13th. A short business meeting was held after which lunch was served on the lawn.

VALE GRANGE

(By C. E. Howell)

Vale Grange met August 22 with a good attendance. Under the direction of drill master Andy Peterson we practiced our stunting drill.

Brother Harry Wells exhibited some specimens of the noxious weeds such as the Russian Nap weed, White Top and Canadian Thistle. Brother Wells made an interesting talk about the carelessness of farmers letting these weeds spread. Also the lack of law enforcement of the eradication of these weeds. Brother J. Edwin Johnson, our Pomona Master, read the part of the State Master's address concerning noxious weeds.

Mrs. C. E. Charles, Home Economics chairman, reports that she collected \$3.35 for the birthdays that members of our grange have had since January 1st. Sister Charles collects the amounts of cents corresponding to the number of the day of the month on which the various birthdays occur. Then at convenient times during the year those having birthdays are favored at a special luncheon table and permitted to cut their birthday cakes.

Friday, September 3rd, is our next meeting. We will put on initiatory work in the first and second degrees. Friday night, September 17th, we put on the 3rd and 4th degrees.

Visitors are cordially invited.

OREGON TRAIL GRANGE

The Oregon Trail Grange met on its regular night with a good crowd in attendance. Klaas Stam, Master, had charge of the meeting. During the business hour plans for a booth at the Malheur County Fair was discussed. Members introduced plans for a carnival during November which called for much discussion. Albert Hopkins resigned as lecturer as he will be leaving for college soon. Mr. Hopkins resigned from the Oregon Trail School where he has been teaching for the past

seven years to attend school this fall. A delightful program was enjoyed by the group prepared by the legislative committee with Lloyd Adams in charge. Several non-grangers attended the open lecturer's hour. Klass Stam read a letter of congratulations from the state master, Ray Gill, upon the progress of the Oregon Trail Grange since its organization. Oregon Trail is the youngest grange in Malheur county.

Marines Provide Haven for Americans in China

United States marines shown opening the ponderous gate of the U. S. legation in Peiping, China. Under the protection of the marines, American citizens find a safe haven as war rages between the Chinese troops and the invading forces of Japan. Inset shows Col. John Marston, commander of the U. S. marine barracks at Peiping.

after which ice cream and cake was enjoyed.

The Grange will hold its regular meeting on September 10 and all Grangers are especially invited.

The Ralph Boors and Floyd Howards will furnish the lecturers program. (Submitted for Mrs. E. J. Beam.)

VISITORS TO VIEW PLANS FOR RANGE STATION WORK

Those who visit new 16,000-Squaw Butte range experiment station on the coming field day, September 15, will find that land which was utterly devoid of grass is already "coming back" from a range standpoint and providing considerable feed.

Some stockmen who examined the territory when the range station was first proposed expressed doubt that there would be enough of the grass to come back to provide suitable research opportunity, but this fear seems to be unfounded, say those who have been watching the development so far.

Arrangements have been made to explain to visitors on the field day the plan for rotation and deferred grazing of both cattle and sheep and the many other types of range research which are to be carried out by the Oregon experiment station and the division of grazing of the department of the interior. The station is located about 50 miles west of Burns.

Learning the Truth
"To learn the truth," said Hi Ho, the sage of Chinatown, "may need great patience which may bring you only the dangerous enmity of those who desire to keep it hidden."

Ambition and Politics
The word ambition comes from the Latin ambitio which meant a going around, especially of candidates for office in Rome to solicit votes. Hence, a desire for office or honor.

CHRISTMAS SEALS SALE PLANS UNDERWAY

The contract for the tuberculosis Christmas seal sale has been signed by the president, J. L. Turnbull, and the secretary, Mrs. Charles P. Fiegsl, of the Malheur county health association. It has been forwarded to the Oregon Tuberculosis association in Portland for the signature of that organization in preparation to the annual drive here. Charles Christeson, the county chairman, however, has already started organization of his committees, it was reported from the county health office.

IRONSIDE NEWS

By MRS. E. J. BEAM

Mr. and Mrs. Wayne Lofton are the proud parents of a new daughter born on the 3rd of September at the Brittingham home in Ontario.

Frances Cammann and P. te Presley of Brogan motored to Seneca on Thursday. They will have employment there.

Mrs. Mary Molthan accompanied Clarence Boor and Mr. and Mrs. Chas. Boor of Fruitland to Prairie City last Sunday to see her sister Mrs. Clarence Boor, who is in the Prairie City hospital recovering from an operation. They returned on Monday.

Mrs. Bessie Kerr of Canyon City is a guest at the home of her brother Bruce Lofton and wife.

Coy Wise and Glen Lockner motored to Unity last Sunday on business.

The Sylvester Rose and Wm. Woodcock families and Ellis Turner left on Tuesday for Portland and coast point for a week or ten days visit. They expect to come back by way of the McKenzie pass and gather wild black berries on their return home.

The Park Simmons and Self families returned this week from a two months absence picking peas at New Meadows.

Mrs. Frances Cammann and little son are visiting relatives at Mamie, Oregon.

Mrs. H. C. Elms accompanied her sisters, Mrs. Elizabeth Whitmore and Mrs. Wm. Morfitt both of

Unity to Boise last Wednesday. Mrs. Whitmore was married to Caldwell to Mr. Ashcraft. The two sisters were witnesses to the wedding. The newlyweds returned to their home at Unity on Thursday. Mrs. Elms visited her daughter Mrs. Hinton in Boise, who is ill. Shells Hinton drove her home on Thursday and Mrs. Floyd White accompanied her back to Boise for a few days visit.

COUNTY LIBRARIAN GOES TO SALEM

The Library Board announced that they have accepted the resignation of Miss Mildred Oleson as county librarian, to take effect October first. Miss Oleson has been appointed Librarian for Salem, Ore.

Philadelphia's Quakers
Although Philadelphia is known as the "Quaker City," only one of every 1,000 in it are Quakers.

Kiln-Dried and Seasoned Framing Lumber Makes Better Construction

Of course you know that every piece of 4-SQUARE Lumber is thoroughly seasoned. In addition, it has many features that make it produce better construction at LOWER final cost, including:

- SQUARE ENDS
- EXACT LENGTHS
- SMOOTH ENDS

... all of which combine to make tighter joints, stronger structure, less waste and less labor. And don't forget, 4-SQUARE costs no more than ordinary seasoned lumber!

YOUR own driving experience tells you you can't GO very far these days without STOPPING!

That's why stop and go is costly! One stop can waste enough gasoline to take you 1/3 of a mile!

Shell engineers, recognizing the high cost of stop and go, have developed a way to "balance" gasoline. By completely re-

arranging its chemical structure, this process does to gasoline what cooking does to food—makes it "digestible."

Hence, under all driving conditions—starting, shifting gears, accelerating—your engine gets the full benefit of Super-Shell's high energy content.

Try Super-Shell next time. There's a Shell dealer near you.
