Mrs. Conrad Martin and daughter Jeanette, Miss Agnes Nichols and Mrs. T. T. Elliott were Caldwell visitors Sunday.

A large delegation from this Sunday school attend the annual picnic of various Sunday Schools which was held at the Big Bend Park Sunday.

4-H CLUBS AT COUNTY FAIR
By Mrs. C. E. Elliott

Club leaders who have been working with the 4-H work have realized that the work was advancing at a rapid pace within the past year, both in the number of projects and the quality of work. This fact was well proven at the Malheur County Fair by the number of exhibits and a better grade of work.

On Saturday, the largest State Revue to be given in the county was held in the grade school auditorium where each girl passed in revue before the judge, Mrs. Harwood of Oregon State College. Ruth Fields of Annex was selected as Grand Champion. Ruth with Evelyn Harworth as a winner in an informal party dress represented Malheur County at the State Fair.

Sunday was given to Dollar Dinners with three entries being judged by Miss Chingrin of Ontario. Those taking part were Mary June Rokstool of Oregon Trail, Margaret Winters of Kingman; and Margaret Smith of Annex, who won 1st place which gave her a trip to the state fair, where she served another dollar dinner. With Mrs. Harwood Mr. George Angel, Mrs. E. C. Allstrom and E. M. Hauser were guests. Monday was a very full day with

demonstration teams beginning at 10 a. m. Nine teams competed for places with Nadeen Wilson and Nadeen Nichols placing 1st in a clothing demonstration; Lucile Thrasher and Emily Otis, 3rd in Homemaking, Susan and Auora Zamora, 3rd in cookery and Ruth Fields 4th in Rose and Flower garden. The judge, Mrs. Peterson, commented very highly on all the demonstrations and stated that demonstration work has advanced a great deal within the past two years.

Another feature for Monday was the Health Content which was held in Dr. Weese's office, with Elvise Russell being selected as the healthiest girl and Isaac Mitchell as the healthiest boy.

The local leaders have helped a great deal with the work to be put on at the fair. Through the Local Leader's Council various committees were active, some of the outstanding were: Style Revue, Mrs. H. A. Conner, chairman, with Mrs. Geo. Lang, Mrs. Smith and Mrs. Newbill assisting.

Central Idea booth, Mrs. E. C. Allstrom, with Mrs. Conner and Mrs. Smith as helpers. Demonstrations, Mrs. Elliot, substituting for Mrs. Joe King. Placing exhibits, Doris Klingback; Health Contest, Mrs. Elliott substituting for Mrs. Marchek of Harper.

E. M. Hauser, who is greatly responsible for the rapid advancement in 4-H club affairs in Malheur county within the past three years took another step forward by entering nine contestants at the State Fair this year in place of four of last year. The demonstration teams placing 1st and 2nd with Margaret Winters acting as alternate for Emily Otis, two style revue entries; one dollar dinner contestant and one health winner went to the State fair where they made a very good showing. The contests were not over for part of the activities when the Malheur contestants came home therefore they have not heard anything in regard to the placings.

Part of the transportation was given by Mr. and Mrs. E. C. Allstrom of Vale.

Now that the fair is over, leaders are busy making plans for the new year's work which will begin in November.

The next regular meeting of the Local Leader's Council will be held in Ontario at the City Hall, Saturday, September 25th. This meeting is open to all people interested in 4-H club work and will be a special meeting for teachers from all over the county with Mrs. Dyer Bennett, county P. T. A. President present.

Union Pacific Adds Service

As a result of the wide-spread popularity of the service of registered-nurse stewardesses on its trains, the Union Pacific railroad on September 15 will extend this feature to three of its best-known transcontinental trains, the Los Angeles Limited, the San Francisco Overland Limited and the Portland Rose.

This will be coincident with inauguration of the brand-new "Challenger" train service from Chicago to San Francisco. Previously, the famous "Challenger", de luxe economy train, ran only from Chicago to Los Angeles. Some of its features are offered on other Union Pacific trains which carry all types of accommodations.

The "Challengers" are exclusively for coach and Challenger sleeping car passengers and the rates are lower than those on standard Pullman trains. Inauguration of this type of service in August, 1935, paved the way for the marked increase in passenger business enjoyed by the Union Pacific in 1936 when it showed a greater increase over the previous year than any other railroad.

In fact, in 1936, the Union Pacific carried exactly twice as many passengers as it did in 1933, when the low point was reached.

The registered-nurse stewardess service was one of the unusual features pioneered by the Union Pacific in its "Challenger" experiment. Its success is evidenced by the fact that the original seven stewardesses now have been increased to more than 60.

The very first of all of them, Miss Florette Welp, now is chief stewardess. Beside the trains mentioned above, five Union Pacific streamliners and one other steam train also have stewardess service thus far.

Work Speeded on \$32,400,000 Bonneville Dam

Army engineers are speeding the construction of the \$32,400,000 Bonneville dam in the state of Washington. This interesting picture in which sky, water and steel meet shows workers erecting piers that will span the Bonneville river. This PWA project is a huge power, navigation and flood-control undertaking.

Corvallis, Sept. 16—Some 35 candidates for Oregon State's football team will start practice here Friday morning in preparation for the most difficult gridiron schedule in this school's history.

The Orangemen will be allowed only two weeks of practice before their opening game against University of Idaho at Moscow, September 25.

The Idaho game is certain to be a difficult test for Oregon State's gridmen. Idaho will be dedicating its new stadium before a homecoming crowd. Among the many Idaho backers will be Wallace Beery of movie fame, new patron saint of Idaho athletics. Every condition at Moscow will be an obstacle for Oregon State.

When Oregon State's players report for practice Coach Lon Stiner will stress above all else the fact that they must be in good physical condition. Only by having their legs and lungs in good shape will the Orangemen be able to stand up under a schedule which calls for nine games as many successive Saturdays.

A probable first-string lineup for the beginning of practice will be composed of: Don Coons, left end; Joe Wendlick, right end; Frank Nihil, left tackle; John Watts, right tackle; Frank Ramsey, left guard; Prescott Hutchins, right guard; Jim Orr, center; Bill Duncan, quarterback; Joe Gray, left halfback; Dick Joslin, right halfback, and Elmer Kolberg, fullback.

However, before the season has progressed far there may be many changes in this lineup, Coach Stiner, intimates.

Many Hindus Vegetarians

Hindus are averse to killing anything. Many of the high-caste Hindus are strictly vegetarians, because they believe it to be sinful to kill animals for flesh.

The First Permanent Tooth

The first permanent tooth arrives between the age of five and seven, and is called the six-year molar. This tooth appears directly behind the last deciduous, or baby tooth.

MODERN PLUMBING

A home is only as modern as its plumbing. In bathrooms, kitchens, laundries and lavatories, attractive fixtures and dependable "hidden" materials pay dividends in extra satisfaction and convenience.

Birds Hunt in Parties
New Zealand has a bird, the Kea parrot, which preys upon sheep. It hunts in parties and does so much damage that a subsidy is paid for every Kea parrot killed.

Laurel Leaves
Laurel leaves once were believed efficacious in preventing illness and the shelter of the tree was believed to ward off lightning. Early physicians held it in great esteem and considered it a panacea. In ancient Greece, when one had a dangerous disease, a branch of laurel was fastened over his door to avert death and drive away evil spirits.

Young physicians were crowned with laurel berries (bacca lauri) and from this and the Latin bacca-laureus (laure - berry) came our words "bachelor" and "laureate." The former designated a person not allowed to marry and the latter word was attached to official poets.
