Published by Students of Nyssa High School

EDITORIAL—

The Nyssa High School has a large, ever-increasing student body. We want to encourage anyone who is contemplating starting school and hope that he will strive to do his best to attend.

We think that an education is a very important as well as enjoyable part of the lives of the young men of today, for the most of their competition will be from men who have had at least high school training. This idea must prevail as is well shown by the enrollment here.

STUDENT BODY MEETING—

The student body met in the gym Monday October 18, 1937. The meeting was called to order by the President, minutes read by the secretary, and approved.

Mr. Young announced all football boys remain in the gymnasium for the trip to Ontario.

Mr. Hollenberg announced thirty-five cents admission to the football game Wednesday between Nyssa and Vale on the home gridiron; and that students are to eat their lunches at school, instead of on the railroad property or in town.

A pep rally was called for Tuesday at 3:00 by Irene Poage.

Mr. Parr asked freshmen boys to gather sagebrush, the girls to pick up paper on the school grounds for the bonfire for the rally, with upperclassmen to supervise the freshmen's work and keep them busy.

The meeting adjourned and was turned over to the glee club and yell leaders.

Six of the Thursday girls glee club (Sophomores and Freshmen) Barbara Browne, Phyllis Poage, Laura Savage, June Marie Wilson, Louise Tensen, Helen Boydell, sang accompanied by Mrs. Young. They sang "Sweet La Launi" and "Aloha."

The yell leaders led us in several peppy yells. The rest of the time was spent in learning the school song.

—N. H. S.—

SENIOR GIRL WEDS—

It has recently been announced that Miss Flora Newton and Mr. Dall Valentinia were secretly married this summer. They are now living at the Newton home. She is going to finish her senior year.

—N. H. S.—

PEP RALLY HELD TUESDAY—

At 3 o'clock Tuesday afternoon the student body met in the gym and with the yell leaders leading, they zig zagged the length of the football field, circling in the center. The school yells and song added to the enthusiasm. They practised several new yells and a short program followed. Mr. Young gave a short speech and introduced several of the squad, who said a few words. Mr. Parr, Junior high coach, and Mr.

Hollenberg gave short speeches. The rally was drawn to a close by lighting the bonfire.

—N. H. S.—

SCHOOL HOLDS CONTEST FOR RADIO—

A contest of selling magazines for a radio was held from October 7 to October 14, between the Green and Gold, which was won by the Green under the leadership of Viola Pullen and Mr. Bailey. Both teams together made one hundred and five dollars and forty-six dollars which will be their share, will go for material in the school.

The Gold team was under the management of Joe Robertson and Mrs. Young. Ruth Flanary sold the most magazines.

—N. H. S.—

TEACHERS' INSTITUTE—

Teachers' Institute is being held Thursday and Friday, October 21st and 22nd at La Grande. This means a vacation for the Nyssa students for the latter part of the week since all teachers must attend.

—N. H. S.—

DIPHTHERIA CLINIC—

A clinic for inoculation against diphtheria was held at Nyssa high school Wednesday, October 20th. Parents were urged to bring children from six months of age through high school years to this clinic.

Health authorities urged every child to have a second inoculation of toxoid. This second inoculation of toxoid provides an almost one hundred per cent immunity while one inoculation provides from eighty per cent to ninety per cent. The second inoculation is especially recommended for children.

—N. H. S.—

NEW STUDENTS—

Eight new students were registered at the office Monday, October 18. There are four Nein girls as follows: Elizabeth Nein, Sophomore; Elsie Nein, Sophomore; Ema Nein, Freshman, and Esther Nein, Freshman.

These girls came here from Batesland, South Dakota and are permanently situated here.

Eugene Evans, Freshman from Wilder; Bernice Davis, Freshman from Rogerson, Idaho; and Ruth Van Auker, Freshman from Payette are the other four students entered.

FOOTBALL PLAYERS YOU SHOULD KNOW—

Verle Landreth known as "Balcky", weighs 133 pounds and is making headway on the Nyssa squad with his one year's experience as guard.

Francis Douglas, who is called "Doc", is now beginning his first year of experience. He is putting forth his 150 pounds as right tackle and is holding down the position.

Thurman Englesby "Oklahoma" is our 140 pounder, who makes those fatal tackles. He is another of Nyssa players who started on the squad this year.

Bud Noteis, a Freshman plays quarter back and is a very peppy addition to the squad.

—N. H. S.—

THE ALUMNI NEWS—

The Nyssa alumni are very busy in their various occupations. Lloyd and Orville McEwen are attending Oregon State where Orville is a member of the "Beavers" pitching staff.

Margaret Anne Morgan has returned from an extensive trip through the midwest during which she witnessed the surprising upset of Minnesota by the Nebraska football team.

Margaret Hunt is sales manager for Silver Seal aluminium in this territory which includes Fruitland, Boise and Nyssa.

Jeanette Martin is teaching school at Meridian.

—N. H. S.—

NYSSA vs. EMMETT—

The local high school eleven lost a hard fought game to Emmett on the Emmett field by 19-0. Apparently demoralized by a couple of 250 pound tackles in the Emmett line the locals failed to get into action soon enough to stop three drives for touchdowns. The last half of the

contest was decidedly in Nyssa's favor, altho neither team earned a permanent score, Nyssa being called back after crossing Emmett's goal for an offside penalty.

The Bulldogs continue to show improvement in their team work. The tackling and blocking in this game was especially good. It would be difficult to name any outstanding players in this game. Bill Kurth seemed to have little difficulty getting into the Emmett backfield and Les Crocker showed signs of becoming a real defensive tackle. Stanley Ray, as smooth a running back as will be found around here, got in a little sharp shooting practice, completing several passes. Holmes played his usual strong defensive game backing up the line. Eichner was having a little trouble keeping his punts on the field of play but this no doubt was due to Emmett's linemen hurrying him too much.

Gene Gaston mixed them up from his position at quarter back and did a good job carrying the ball.

—N. H. S.—

Monday afternoon the second team journeyed to Ontario to play the second team of that high school. In spite of the fact that 14 linemen and two backfield men made the trip the game ended 12-7 in Ontario's favor. Jack McKee and Lloyd Nelson were hastily converted from linemen into backs and the game was started. For a few minutes of the first quarter the boys exchanged passes, punts, fumbles, let jobs—and right upper cuts. Ontario scored in the second quarter on passes completed behind our linish backfield. In the third quarter, Gaston carrying the brunt of the Nyssa attack scored again. Gaston was able to return in the fourth quarter and started a march that carried Nyssa across the goal for our lone score. Nelson converted the try for point.

—N. H. S.—

GLEE CLUB—

Glee Club looks very promising this year by the reports coming from their leader, Mrs. John Young. There are eighty-eight girls who meet on Tuesday and Thursday and twenty-three boys meeting on Monday and Wednesday. The orchestra and Glee Club are responsible for a

musical number at each regular student body meeting.

—N. H. S.—

Mr. Hollenberg drove to Salem and Mr. N. O. Richards of Ontario Thursday with Mr. Fletcher of Vale to attend the ninth annual high school principals' conference which was held Friday and Saturday, October 15 and 16th.

Upon returning Sunday, Mr. Hollenberg reported a very worthwhile meeting.

The conference consisted Friday of an assembly both morning and afternoon at which besides, other interesting talks, was a greeting address by Governor Martin, an address by state Superintendent Rex Putman, and a report by C. H. Beard.

At the conference dinner in the evening, the speaker was Professor F. L. Stetson of University of Oregon, who reported on the standards of the secondary schools of the country.

—N. H. S.—

The students of Nyssa high school were initiated to the fact that school was well on its way when they were faced with six weeks exams last week. The report cards were handed out on Wednesday of this week.

—N. H. S.—

Mrs. Grant Rinehart was substituting Thursday for Miss Lucille Rinehart.

—N. H. S.—

Doc Douglas—On the north of us we have Canada, on the south of us is Mexico, and I raise potatoes in my parlor. Clayton, can you tell me how old I am.

Clayton Patton: Yes, you're forty-four.

Doc Douglas: Right and how did you know?

Clayton Patton: I have a brother that's half nuts and he's twenty-two.

—N. H. S.—

Laura Savage: Alma and I can hardly understand each other when we talk over the phone.

Jimmy Savage: Did you ever try talking one at a time?

—N. H. S.—

Hotel Clerk: Inside or outside room, sir?

Ted Morgan: (from the Nyssa prairies) Inside I guess. It looks like rain.

Hoping to get a rise out of Ray Hines, the farmer boy hoeing his field of corn by the roadside, Edward Boydell, the city smarty, called: "Hey, Ray, did you see a wagon load of monkeys go by here?"

"No," replied Ray. "Did you fall off?"

Advice To The Road-Worn

E. V. PRUYN, Auto Repair
Nyssa, Oregon,
Gentlemen: ...

You have made me the happiest little Chevrolet coupe in the world. One never knows, I guess, how lucky one is until something really happens to him. Now that you have fixed me up after the wreck I had recently, I could cry for joy.

You know, I was so excited when that car hit us that I just grabbed my boss by the seat of the trousers and tore out a big chunk. I must have lost my head, too, because I smacked him so hard I busted a couple of his ribs.

Gee, I thought it was all off when we started to roll. If my boss hadn't been such a good driver, I'm sure I don't know what would have happened. I'm really awfully sorry I threw him around he way I did. Do you suppose he'll forgive me and take me back now that you have me all fixed up again?

Sincerely yours,
Pete Pistonrod

Dear Pete:
Your gratitude is touching. Sure your boss will forgive you for tearing his jeans. Look at the sympathy he's getting.

Yours truly,
E. V. PRUYN, Auto Repair.

My New **MONARCH RANGE** Actually Makes Cooking a Pleasure

And You'll Say the Same Thing, Too!

There are many reasons why you will enjoy cooking on this new Monarch coal-wood range. The top has plenty of room for surface cooking. Flat bottomed utensils can be moved around easily over the durable malleable top which heats through quickly and evenly!

The oven is full 19 inches wide, and there's a large warming compartment that comes in mighty handy.

Full white porcelain enamel—colored trim—DeLuxe 4-wall construction—patented duplex draft—Reservoir, optional.

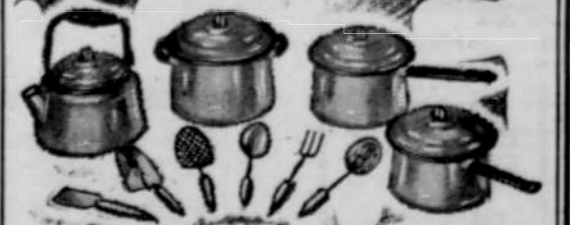

A Few Quick Rubs—and It's Clean

With the gleaming white enamel, inside and out, and the simplified design, you can clean this range in a jiffy; and the "Mirco cooking top" needs only an occasional oiling.

We shall be glad to show you the new Monarch. Be sure to ask about the attractive optional colored trimmings.

They're Free—But You Must Hurry!

This modern, beautiful 10-piece set of Nesco Triple-Coat, Stainless Enamel Ware will be given FREE to every person who takes advantage of our MONARCH "13 Star" Sale offer. Don't wait! Come in at once for full particulars.

I.E.S.

Three Letters that Changed the Nation's Lighting!

Four years ago, scientists, eyesight specialists and lighting engineers formed a non-profit group for study and research on proper lighting.

They named their group the Illuminating Engineering Society (I.E.S.), and their work produced the now-famous I.E.S. Lamp for seeing.

In four short years, nearly five million I.E.S. Lamps have gone into American homes. A new science of lighting has been born - a new conception of lighting in the home. See these wonderful new lamps at your electric dealer's; you'll find a model for every lighting need.

Always look for this tag. It guarantees that the lamp to which it is attached has been approved by the I. E. S.

ELECTRIC LIGHT IS CHEAPER THAN EVER BEFORE — NEW, LOW RATES

- ENOUGH LIGHT, to make seeing easier.
- FREEDOM FROM GLARE, to relieve strain.
- WELL-DIFFUSED LIGHT, smooth and restful.
- WIDELY SPREAD LIGHT, giving you light where you need it.
- DIRECT AND INDIRECT LIGHT, to reduce eyestrain.
- BEAUTY—stately lines, graceful proportions.
